Mr. Diehl

Offered the following resolutions :

Whereas, it has pleased Divine Providence to remove from this life, our late fellow member, Edward Duff, and *whereas*, it is due to the memory of the deceased that we should properly manifest our high appreciation of his many noble and endearing qualities ; therefore

Resolved, That we have learned with feelings of unfeigned regret of the decease of our late associate and friend, and whilst we bow submissively to the mandate of an all wise and most beneficent Creator, which has taken from among us one whom we highly valued and esteemed, we would express the deep sorrow which the event has occasioned, and evidence by our grief the tribute of respect which we desire to pay to his memory.

Resolved, That we deeply sympathise with the relatives of the deceased in this their heavy bereavement, that we extend to them under this afflicting dispensation, our sincere condolence, that we will cherish with them the memory of his many virtues, and drop with them, upon his grave, the tear of sorrow and regret.

Resolved, That as a further evidence of our respect for the lamented dead, that we will attend his funeral in a body, and wear crape upon our left arms for the period of thirty days.

Resolved, That the Presidents of Councils be requested to transmit to the family of the deceased, a copy of the foregoing preamble and resolutions.

Which were read twice and passed.

The President

Announced that Councils had been called together in consequence of the decease of Daniel Webster Esq., Secretary of State.

Mr. Randall

Offered the following Resolutions :

Resolved, That the Councils of the City of Philadelphia avail themselves of the earliest occasion to express to the City of Boston, their earnest sympathy in the sorrow which overshadowing the whole country, rests with especial gloom on the community which adopting DANIEL WEBSTER as its citizen, proudly gave him to the nation.

Resolved, That between Boston and Philadelphia, one the City of early resistance to oppression, the other of Independence and of the Constitution, there has been a bond of union since the days of the revolution, which nothing has ever severed, and now when grief for Boston's most illustrious son depresses our heart, we feel, and are glad to acknowledge that this bond of union draws us closer and closer.

Resolved, That the municipal authorities of Philadelphia desire to record in their archives, their respect for Mr. Webster's character and public services, his strongly conservative and beneficent interpretation of the Constitution, and his resolute fidelity, enforced by unrivalled eloquence, to the union of the States.

Resolved, That Mr. Webster leaves strong claims on our gratitude and the gratitude of our posterity, for having on more occasions than one, by his sagacious and conciliatory statesmanship maintained peace with foreign nations, and saved, without loss of honor, the country from the miseries of war.

Resolved, That these resolutions, feebly expressive of the feelings of the Councils of Philadelphia, on the occasion of his death, be communicated to Mr. Webster's family, and to the authorities of the City of Boston.

Which were read twice and passed.

Select Council concurred.

A message from Select Council

Informed that they had passed the following resolutions :

Resolved, That the Committee on City property be instructed to have Council Chambers and the Hall of Independence hung in mourning for six months.

Resolved, That the exterior of Independence Hall and the City Hall be also hung in mourning.

Resolved, That during Friday next, when it is understood the funeral solemnities of the Hon. Daniel Webster will take place at Marshfield, the bells of the State House, Christ Church, and St. Peter's, be tolled, and that it be recommended to the citizens to close their places of business as a tribute of respect to the memory of the illustrious deceased.

Which were read twice, and passed.

So Common Council concurred.

Adjourned.

THURSDAY, October 28th, 1852.

Council met.—Present.

Resolved, That the Mayor be authorized, on behalf of the Mayor, Aldermen and Citizens of Philadelphia, to release from the lien of a judgment, entered in the District Court for the City and County of Philadelphia, on the 28th day of June, A. D. 1852, to June Term, 1852, No. 94, in which the Mayor, Aldermen, and Citizens of Philadelphia are plaintiffs, and Samuel C. Cooper, Isaac Myer, and Nathan Taylor are defendants, all the estate, right, title and interest of Isaac Myer, one of said defendants, in and to the following described property, namely: All that certain messuage and lot of ground situate on the east side of Mifflin's alley, now called Biddle's alley, in the City of Philadelphia, containing in front, north and south, fifteen feet, and in length or depth east and west fourteen feet; *Provided* the other defendants in said judgment consent thereto.

Which being under consideration.

Mr. Poulson

Moved that it be referred to the Committee on Finance.

Which was agreed to. .

Mr. Diehl

Offered the following resolution:

Resolved, That the Chairmen of the Standing Committees be directed to report what unfinished business remains unacted upon by the late Standing Committees.

Which was read, and being under consideration,

Mr. Poulson

Moved that the further consideration of the same be postponed indefinitely.

Offered the following resolutions :—

Whereas, The principles and opinions which Daniel

Webster so nobly advocated and sustained throughout his eventful life, according to his own words, are essential to the preservation of the Union, the maintenance of the Constitution, and the advancement of the country to the highest stages of prosperity and renown:—and these objects have constituted his Pole-star during the whole of his political career, which extended through more than half the period of the existence of the government, and

Whereas, When in the dispensations of His Providence, it is the will of the Almighty Ruler of the Universe to withdraw, by death, from amongst us, and from amidst his career of usefulness, such a man, such a friend, such a gifted lover of his country, as Daniel Webster, we cannot but severely feel and deeply deplore the event as a national affliction: it becomes us to bow in reverential and prayerful submission before Him who gave, and who hath taken away: and

Whereas, In the character and services of Daniel Webster, as a Statesman, and as a Patriot, the people of this country have examples of pure devotion to the public good at home, and of the just preservation of the dignity and honor of his country abroad,—examples, to be cherished and imitated;—and although the bitterness of grief be upon us for his loss, yet the memory of his deeds will be the more deeply enshrined, and live in brightness in the hearts of his countrymen—encouraging, sustaining, the determination never to depart from those glorious precepts he inculcated and practised alike with the great fathers of this republic, Washington and his associates,—and never forget the lessons taught by such wisdom and experience:

Therefore, Entertaining these sentiments and feelings, the Select and Common Councils of the City of Philadelphia, do

Resolve,

First, That it is expedient and proper, in further testimony of their respect and veneration of the character and services of Daniel Webster, the great expounder of our

National Constitution, and the advocate of those principles of government which have secured the unexampled prosperity and happiness of our beloved country,—that, a day be assigned wherein we will devote our minds to the contemplation of the life and labors of Daniel Webster—a blessing to the people—to Daniel Webster's death—a nation's loss—and they further

Resolve, That a Joint Special Committee, consisting of two members from each Council, be appointed, who are hereby authorized to fix the day for the purpose set forth in the foregoing resolution: to invite a citizen to pronounce on that day, an oration on the character and services of the late Daniel Webster; and to make such further arrangements as may be deemed suitable and proper in order to effect the objects and purposes of these proceedings.

Which were read twice and passed.

The President

Nays :—Messrs. Abbey, Agnew, Copeland, Griscom, Hansell, Hinman, Irwin, Poulson, Thornley, Walborn, Yarrow.—11.

So the question was decided in the negative.

A message from Select Council

Informed that they had received a report from the Com-

mittee on City Property, and had passed the following resolution:

Whereas, an application is now pending before the County Board, on the part of the Camden and Philadelphia Steam Boat Ferry Company, to fix a rate of tolls to be charged by said company for the passage of steam and other boats through the canal in Windmill Island. *And whereas*, the Act of Assembly authorizing the action of said board, contains a proviso that the said company should file a detailed account of the cost of the said canal, in the County Commissioner's office, within sixty days after the canal should be open for navigation, which they failed to do for more than twelve years after the same was so opened. *And whereas*, the City of Philadelphia is authorized by the said act to traverse the said account when filed, and the same was filed in August last, and is now for the first time brought to the notice of Councils. *And whereas*, the inhabitants of the city are deeply interested in preserving the avenues of travel and transportation to and from the city unclogged by extravagant and prohibitory tolls, and are alike interested in maintaining a control over said Island, so as to guard against difficulties in the way of its future removal. *And whereas*, it is alleged that the said Board have not power to act in the said premises; and that if they have, the rate of toll sought to be charged, is extravagantly large. Therefore, *Resolved*, That the County Board be respectfully and earnestly requested to suspend definite action in the premises, until the whole subject can be investigated, the account filed traversed by the city, and her views and interests consulted.

Which was read.

On motion,

Council proceeded to the second reading and consideration of the resolution annexed to the report.

When the same was agreed to.

So Common Council concurred.

Also,

From the Committee of the Girard Estates, another report, accompanied by the following resolution.

Resolved, That the sum of six hundred dollars be transferred from item "Miscellaneous expenses" to item "Taxes and Water Rents."

Also, Three hundred and ninety-two dollars and sixty-eight cents from item "Miscellaneous expenses" to item "Lands out of the county."

And one hundred and nineteen dollars, and forty cents, from item "Income Stock Account for the improvement of the Eastern Front of the City," to item "Taxes and Expenses on Trust for the Improvement," &c.

Which was read twice, and passed.

So Common Council concurred.

Also,

Informed that they had passed the following resolutions:

Whereas, The Councils of the City of Philadelphia having learned with profound regret, the decease of their distinguished fellow citizen John Sergeant. *And whereas*, the *private virtues* and *marked ability* with which he has discharged the numerous important *public trusts* confided to him, have characterized him amongst the *purest patriots* and and brightest examples of *personal worth*.

And whereas, the *rapidly decreasing* number of those illustrious citizens, who, like the *deceased*, have devoted a large portion of their lives to the *service* of *their country*, but *impress* us the more sensibly with the feelings of *gratitude* we owe as a *people* to their *patriotism* and *virtues*.

Therefore, Resolved, That Councils feel a *mournful gratification* in offering this testimonial of their *deep sympathy* with the *general sentiment* which pervades the community on this melancholy occasion.

Resolved, That deeply impressed as Councils are by the loss which our common country has sustained by the removal of one in whose *opinions* and *judgment* so just a reliance has been placed, yet, are they *peculiarly* so at the loss which must accrue to the *immediate* community in which for half a century his example and precept have shed an influence abroad which so high a *moral* and *intellectual* position alone could give.

Resolved, That in further testimony of respect, Councils will attend the funeral of Mr. Sergeant, and wear the usual badge of mourning for thirty days.

Which were read twice and passed.

So Common Council concurred.

Also,

Informed they had concurred in the bill entitled "An Ordinance to provide for the binding out of orphans in the Girard College," with the following amendments:

In the first section after the word "mentioned" in the sixth line, insert the words "provided he has been instructed in the various branches of a sound education in accordance with the will of Stephen Girard.

On concurring in this amendment the yeas and nays were required, and were as follows:

Yeas. — Messrs. Diehl, Griscom, Irwin, Orne, Porter, Randall.—6.

Nays.—Messrs. Abbey, Agnew, Copeland, Hansell, Hinman, Poulson, Smith, Thornley, Walborn, Wickersham, Yarrow, Snowden.—12.

So Council non-concurred in this amendment.

In the second section after the word "residence" in the tenth line, insert the words "or such other suitable place as may be selected by said master, and approved of by the joint Board of Directors and Commissioners."

On concurring in this amendment the yeas and nays were required, and were as follows :

Yeas. — Messrs. Abbey, Agnew, Diehl, Irwin, Porter, Randall, Walborn.—7.

From the Joint Special Committee to whom was referred a preamble and resolutions from the District of Northern Liberties, relative to the extension of the wharf lines in Southwark, made report, (*Appendix No. 32*), accompanied by the following resolution:

Resolved, That the Councils of the City of Philadelphia approve of the resolution adopted by the Board of Wardens on the 3d inst., recommending to the Legislature the passage of an Act establishing, as therein indicated, a line of the extension of piers into the river Delaware in the District of Southwark, and that a copy of this resolution be transmitted to the Commissioners of the Northern Liberties and to the Board of Wardens.

Mr. Griscom,

From the minority of said Committee made report, (*Appendix No. 33*.)

Mr. Randall

Offered the following resolution :

Resolved, That the report and resolution be referred back to the Committee, with instructions to obtain and report to this Council all the information upon the subject possible, from a competent Board of Engineers.

Which was read, and being under consideration,

Mr. Poulson

Moved to amend by striking out the words "Board of."

Which was agreed to.

Mr. Griscom

Moved to amend further by inserting after the word "possible" the words "and if they deem it expedient to employ," and after the word "Engineers," the words "to aid them."

Which was agreed to.

And the question recurring on the adoption of the resolution as amended, the yeas and nays were required, and were as follows :

Yeas.—Messrs. Abbey, Griscom, Hinman, Poulson, Randall, Thornley, Walborn,—7.

Nays.—Messrs. Copeland, Diehl, Hansell, Irwin, Orne, Pohl, Porter, Wickersham, Snowden,—9.

So the question was decided in the negative.

Mr. Walborn

Moved that the further consideration of the subject be postponed for the present, and that the reports be printed for the use of members.

Which was agreed to.

Mr. Copeland,

From the Committee on Public Highways, made report (*Appendix No. 34*) with a bill annexed entitled "An Ordinance relative to Water street."

On motion,

Council proceeded to the second reading and consideration of the bill annexed to the report.

The first and second sections were agreed to—the title was agreed to, and the bill ordered to be prepared for a third reading.

It was then by special order read a third time, and passed.

Select Council concurred.

Also,

From the same Committee, another report (*Appendix No. 35*) with a Bill annexed, entitled "A Further Supplement to an Ordinance passed the 29th day of January, 1846, entitled an Ordinance to prohibit the construction of certain wharves and buildings therein described, and to prohibit obstructions to the eastward of Delaware Avenue."

Which was read.

And being under consideration,

Mr. Wickersham

Moved that the further consideration of the same be postponed for the present, and that it be printed for the use of members.

Which was agreed to.

Mr. Diehl,

From the Joint Special Committee, to whom was referred a communication from the Board of Commissioners of Northern Liberties, relative to the extension of wharves in that

District; made report (*Appendix No. 36*) accompanied by the following resolution :

Resolved, That Councils concur in the views expressed in the foregoing report, and order that a copy of the same, including this resolution, be transmitted to the Commissioners of the Incorporated District of the Northern Liberties, and to the Board of Wardens of the Port of Philadelphia.

Which was read twice, and passed.

Select Council concurred.

Mr. Orne

Presented to Councils the proceedings of the Councils of Pittsburgh, remonstrating against the proposed subscription by the Councils of Philadelphia, to the Hempfield Rail Road Company.

Which was read.

Mr. Poulson

Moved that it be printed, for the use of members.

Which was agreed to.

A message from Select Council,

Informed that they had received a report from the Committee on City Property, and had passed the two following resolutions annexed :

Resolved, That the Committee on City Property be, and they are hereby authorized to have Independence Square lighted with Gas.

Resolved, That the sum of twelve hundred dollars be, and the same is hereby appropriated for the use of the Committee on City Property, to defray the expenses of lighting Independence Square with Gas.

On motion,

Council proceeded to the second reading and consideration of the resolutions,

When the same were agreed to.

So Common Council concurred.

Also,

Informed that they had received a report from the Commissioners of the Girard Estates, and had passed the two following resolutions annexed :

Resolved, That the Mayor be authorized, under the direction of the Board of Commissioners of the Girard Estates, in the name and in behalf of the Mayor, Aldermen, and citizens of Philadelphia, to release all their title to and interest in all that piece of ground with the Messuage thereon erected, situate on the north side of Jones' Alley, between Front and Second streets, in the City of Philadelphia, containing in breadth east and west about 28 feet 5½ inches, and in length or depth north and south 30 feet or thereabouts, (being the same premises which in certain proceedings in partition, the District Court for the City and County of Philadelphia, to June Term, 1826, were allotted to Chas. H. Ball,) to the present holders and claimants of the same, by virtue of conveyances thereof from William W. Ball, or the legal representatives of such.

Resolved, That the said Board of Commissioners be, and they are hereby authorized to pay to William W. Ball, the sum of seven hundred dollars, in consideration of his conveying to the Mayor, Aldermen, and citizens of Philadelphia, all his right, title, property, and interest in and to a certain lot or piece of ground with the buildings thereon, situate on the north side of Jones' Alley, between Front and Second streets, in the City of Philadelphia, containing in breadth east and west 39 feet 6 inches, and in depth north and south 31 feet ; being the same premises which in the partition before referred to, were allotted to the said William W. Ball, and of which

the Corporation of the City of Philadelphia are now in possession.

Which was read, and being under consideration,

Mr. Diehl

Moved that the further consideration of the same be postponed for the present, and that it be printed for the use of members.

Which was agreed to.

Also,

Transmitted certain documents relative to the Hempfield Railroad, accompanied by the following resolution :

Resolved, That the document just read be transmitted to Common Council for the information of that Chamber, and also published in the daily papers, publishing for the City, three times.

Which was read twice and passed.

So Common Council concurred.

Mr. Randall

Offered the following resolution :

Resolved, That the Committee on Finance be requested to have printed for the use of the members of Select and Common Councils, the communication from "The Board of Directors of the Philadelphia, Easton and Water Gap Railroad Company," presented at the last meeting of Councils, and referred to the said Committee.

Which was read twice and passed.

Select Council concurred.

Mr. Diehl,

Offered the following preamble and resolution :

Whereas, In the opinion of Councils it is the interest of

the Pennsylvania Railroad Co., to assist with its credit, within limits suggested by sound judgment, in forming those links of communication which are necessary to effect the purposes of its organization, and to secure to Philadelphia her just proportion of the trade of the West and South-west, which, without active exertion she will be deprived of, by reason of the great efforts now making by the Cities of New York and Baltimore, to attract the same exclusively to other markets,

Therefore,

Resolved, That as stockholders in the Pennsylvania Railroad Co., these Councils do assent to a subscription by said Company of \$750,000, in the capital stock of the Marietta and Cincinnati Railroad Company, and that his Honor, Chas. Gilpin, Mayor, and John Price Wetherill and Thomas Snowden, Esqs., Presidents of Select and Common Councils be and they are hereby appointed delegates to represent the City of Philadelphia, at the next annual meeting of said Company, with full authority and instructions to cast the vote of the stock held by the City, in behalf of said subscription, upon condition that the necessary legislation be first had and obtained.

Which was read twice and passed.

A message from Select Council

Informed, that they had passed a bill entitled, "An Ordinance to authorize a subscription on the part of the City to the capital stock of the Sunbury and Erie Railroad Co."

Which was read.

And being under consideration,

Mr. Hinman

Moved to amend, by inserting after the word "company" in the fifth line the words, "said subscription to be paid by the sale or transfer of an equal number of shares of the capital stock of the Pennsylvania Rail Road, in such way and manner as Councils may deem best."

On this question the yeas and nays were required, and were as follows :—

Yeas.—Messrs. Hinman, Orne,—2,

Nays.—Messrs. Abbey, Copeland, Diehl, Griscom, Hansell, Irwin, Pohl, Porter, Poulson, Randall, Thornley, Walborn, Wickersham, Snowden,—14.

So the question was decided in the negative.

Mr. Orne

Moved to amend, by adding a new section to be called “Section 2nd,” as follows :—

Section 2. And be it further ordained and enacted, that the sum of one half of one per centum on the par value of all loans created and issued by virtue of this ordinance, shall be appropriated quarterly to the sinking fund, out of the real and corporate estates of the city and water rents : Provided, That the investments of the quarterly appropriation to the sinking fund herein provided for, shall be made in the loans of the City of Philadelphia, and in no other loans or securities whatever.

On this question the yeas and nays were requested, and were as follows :—

Yeas.—Messrs. Abbey, Copeland, Orne, Poulson, Wickersham,—5.

Nays.—Messrs. Diehl, Griscom, Hansell, Hinman, Irwin, Pohl, Porter, Randall, Thornley, Walborn, Snowden,—11.

So the question was decided in the negative.

And the question recurring will Councils agree to the first and only section,

The yeas and nays were required, and were as follows :

Yeas.—Messrs. Abbey, Diehl, Griscom, Hansell, Irwin, Pohl, Porter, Randall, Thornley, Walborn, Snowden,—11.

Nays.—Messrs. Copeland, Hinman, Orne, Poulson, Wickersham,—5.

So the question was decided in the affirmative.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order, read a third time and passed.

So Common Council concurred.

Mr. Diehl

Offered the following resolution.

Resolved, That a joint special committee, consisting of three members from each chamber, be appointed to confer with any committees that may be created by the commissioners of the District of Southwark, incorporated Northern Liberties, and Kensington, to enquire in regard to Wind Mill Island and to report what course, if any, it is necessary to adopt to acquire to the City and County of Philadelphia the right of property in said Island, with the view of its removal hereafter should the interests of the City demand it, also to enquire and report some plan by which the county may obtain the contract and possession of the canal through said Island.

Which was read twice and passed.

The President

Appointed Messrs. Diehl, Pohl and Griscom a committee on behalf of Common Council.

Select Council concurred,

And appointed Messrs. Waterman, Lancaster and Thomas.

A message from Select Council

Informed, that they had received a report from the Commissioners of the Girard Estates, and had passed a bill annexed, entitled, "An Ordinance making a temporary appropriation to the Commissioners of the Girard Estates, for the purposes therein mentioned."

On motion,

Council proceeded to the second reading and consideration of the bill annexed to the report.

The first and only section was agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order read a third time and passed.

So Common Council concurred.

Also,

Informed, that they had concurred in the preamble and resolutions relative to a subscription by the Pennsylvania Railroad to the Marietta and Cincinnati Railroad, with the following amendment :

Strike out the words "and instructions."

On motion,

Common Council concurred in the amendment.

Mr. Diehl

Moved that the vote postponing the report of the Committee on City Property, with the resolutions annexed, relative to certain property in Jones' Alley, for the purpose of having them printed, be reconsidered.

Which was agreed to.

And the question recurring on the adoption of the resolutions annexed to the report,

They were agreed to.

So Common Council concurred.

Whereas, It is understood that Millard Fillmore, at the termination of his duties as President of the United States, intends to visit the City of Philadelphia, and it is due to the character and services of that illustrious man, to receive and tender to him on the occasion of such visit the hospitalities of the City by the authorities thereof, therefore, be it

Resolved, That a joint special Committee, consisting of three members of each Council, be, and the same are hereby appointed to take such order and charge in the premises, and make such arrangements for the reception of Millard Fillmore, in Independence Hall, as the guest of the City, and otherwise to manifest their respect for his character and eminent services as President of the United States as they may deem expedient and proper.

Which was read twice, and passed.

The President

Appointed Messrs. Poulson, Orne, and Hinman, a Committee on behalf of Common Council.

A message from Select Council

Informed that they had received a report from the Committee on Girard College, for the months of November and December, which they transmitted for information.

Which was read, and laid on the table.

Also,

Informed that they had received a report from the Commissioners of the Girard Estates, and had passed a bill annexed, entitled "An Ordinance making appropriations from the Girard Estates for the year 1853, and for the purposes therein mentioned."

On motion,

Council proceeded to the second reading and consideration of the bill annexed to the report.

The first, second and third sections were agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order read a third time and passed.

So Common Council concurred.

Mr. Copeland

Moved that Council proceed to the second reading and consideration of the bill, entitled "A further supplement to an Ordinance passed the 29th day of January, A. D., 1846, entitled 'An Ordinance to prohibit the erection of certain Wharves and Buildings therein described, and to prohibit obstructions to the eastward of Delaware Avenue.'"

Which was agreed to.

And being under consideration,

Mr. Irwin

Moved to amend by adding to the end of the first section the words "and not less than twenty-five feet of the eastern end of the Wharves."

Which was agreed to.

Mr. Porter

Moved further to amend by adding to the end of the section the following :

“*Provided*, nevertheless, That as several of the ferries located at the heads of docks, would be excluded from having the necessary shelter for passengers waiting for the boats. *Therefore*, it shall be lawful for the Committee on Public Highways to grant permits for the erection and continuance of such temporary means of protection as in their opinion will afford the necessary accommodation.”

Mr. Poulson,

Moved that the bill, together with the amendment be recommitted to the Committee, and that the opinion of the City Solicitor be requested as to the legality of the amendment.

Which was read twice and passed.

The President

Appointed Messrs. Diehl, Thornley and Randall, a Committee on behalf of Common Council.

A message from Select Council,

Informed that they had passed the following bill entitled "A Supplement to an Ordinance, passed the third day of February, 1853, entitled 'An Ordinance to authorize a subscription on the part of the City to the capital stock of the Sunbury and Erie Rail Road Company.'"

On motion,

Council proceeded to the second reading and consideration of the same.

And on the question, will Council agree to the first and only section, the yeas and nays were required, and were as follows:

Yeas.—Messrs. Abbey, Agnew, Copeland, Diehl, Donaghy, Griscom, Hinman, Irwin, Orne, Porter, Poulson, Randall, Smith, Thornley, Wickersham.—15.

Nays.—Hansell, Walborn, Snowden.—3.

So the question was decided in the affirmative.

So Common Council concurred.

Also,

Informed that they had passed the following preamble and resolutions.

Whereas, the action of Councils this evening suspending the operation of the Ordinance passed at the last Stated Meeting, in reference to a subscription to the Sunbury and Erie Rail Road Company; unless explained, may lead to misconstruction.

And Whereas, the postponement of said subscription is not in consequence of any change in the opinion of Councils in

relation to the necessity and importance to the interests of Philadelphia, that the Sunbury and Erie Rail Road should be commenced and prosecuted to completion at the earliest day possible.

And Whereas, assurances were given to members of Councils, as an inducement to the subscription, that the Board of Directors, so far as relates to the members from the city, should be satisfactory to Councils, which assurances have not been complied with.

Therefore, Resolved, That when the Board of Directors as above stated, is made satisfactory to Councils, and the conditions of the Ordinance authorizing the subscription are complied with in good faith, the Councils of Philadelphia will be prepared and will cheerfully carry out, what they believe to be the wishes of their constituents, by subscribing two millions of dollars to the capital stock of the Sunbury and Erie Rail Road Company.

Which being under consideration.

Mr. Randall,

Moved to amend by inserting after the word Councils in the third line of the resolution, the words "and such legislative action obtained as will enable the city, through duly authorized agents, to vote for every share of stock held by said city, at all elections for directors."

On this question the yeas and nays were required and were as follows :

Yeas.—Messrs. Agnew, Copeland, Diehl, Donaghy, Irwin, Orne, Porter, Poulson, Randall, Smith, Wickersham.—11.

Nays. — Messrs.—Abbey, Griscom, Hansell, Thornley, Walborn, Snowden.—6.]

So the question was decided in the affirmative.

Mr. Randall,

Moved that the vote just taken be reconsidered.

Which was agreed to, and the amendment withdrawn.

Mr. Poulson,

Moved that the further consideration of the resolution be postponed indefinitely.

On this question the yeas and nays were required and were as follows :

Yeas.—Messrs. Abbey, Agnew, Griscom, Irwin, Poulson, Thornley, Walborn, Snowden.—8.

Nays.—Messrs. Copeland, Diehl, Donaghy, Hansell, Orne, Porter, Randall, Smith, Wickersham.—9.

So the question was decided in the negative.

And the question recurring will Council agree to the resolution.

The yeas and nays were required, and were as follows :

Yeas.—Messrs. Agnew, Copeland, Diehl, Donaghy, Hansell, Orne, Porter, Randall, Smith, Wickersham.—10.

Nays.—Messrs. Abbey, Griscom, Irwin, Thornley, Walborn, Snowden.—6.

So the question was decided in the affirmative.

Mr. Randall.

Offered the following resolution :

Resolved, That when the subscription to the Sunbury and Erie Rail Road Company shall be made absolute, that it shall be upon the express condition that such legislative action be obtained as will enable the city through duly authorized agents to vote one vote for every share of stock held by the said city at all elections for directors.

Which was read.

And on the question will Council agree to the same? the yeas and nays were required, and were as follows:

Yeas. — Messrs. Agnew, Copeland, Diehl, Donaghy, Hansell, Irwin, Orne, Porter, Poulson, Randall, Smith, Wickersham.—12.

Nays. — Messrs. Abbey, Griscom, Thornley, Walborn, Snowden.—5.

So the question was decided in the affirmative.

A message from Select Council

Informed that they had passed a bill entitled “A Supplement to an Ordinance entitled an ‘Ordinance for the regulation of cabs, &c.,’ ” passed December 30th, 1852.

Which was read.

On motion,

Council proceeded to the second reading and consideration of the same.

The first and second sections were agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order read a third time and passed.

So Common Council concurred.

Also,

Informed that they had concurred in the resolution relative to inviting the Legislature of Pennsylvania with the following amendment, insert after the word “Chamber” “together with the presidents of Councils.”

And had appointed Messrs. Smith, Duffee, and Perkins, a Committee on behalf of Select Council.

On motion,

Common Council concurred in the amendment.

Also,

That they had concurred in the resolution relative to the reception of President Fillmore, with a similar amendment, and had appointed Messrs. Waterman, Thomas and Perkins a Committee on behalf of Select Council.

On motion,

Common Council concurred in the amendment.

Also,

Informed that they had passed the following resolution :

Resolved, That the Clerks of Councils be directed to transmit to the Legislature of the Commonwealth in conformity with the will of Stephen Girard, copies of the Annual Report of the Commissioners of the Girard Estates for the year 1852, together with so much of the Report of the Board of Directors of the Girard College as may be deemed important for the information of that body.

Which was read twice and passed.

So Common Council concurred.

Also,

Informed that they had passed the following resolutions :

Whereas, an effort is now being made to induce the Legislature of this Commonwealth to repeal the law passed February 6th, 1852, requiring all rail roads constructed in the State from and after the passage of said law, to conform in the width of their tracks, to the guage of the roads built and owned by the Commonwealth ; and *whereas*, to annul a statutory regulation intended and adopted to render our railway system uniform and united, so that commerce might pass from one to another section or part of it without the necessity of transhipments or any of the various impediments incident to a broken and unadjusted series of improvements, would obviously produce results highly prejudicial to the public welfare, and unjust towards private Corporations that have

expended millions of dollars to construct rail roads to unite with the roads of the Commonwealth, therefore

Resolved, That the Presidents of Councils memorialize the Legislature against the repeal of the law passed February 6th, 1852, requiring a uniform railway guage throughout the Commonwealth.

Which was read twice and passed.

So Common Council concurred.

Adjourned.

Mr. Orne

Moved to amend by striking out the words "and the terminus or the connections of the said Road with the City of Philadelphia, are approved by Councils."

On this question the yeas and nays were required, and were as follows:

Yeas.—Messrs. Abbey, Diehl, Donaghy, Hinman, Irwin, Orne, Pohl, Porter, Smith, Thornley, Walborn, Yarrow, Snowden.—13.

Nays.—Messrs. Agnew, Copeland, Griscom, Hansell, Poulson, Randall, Wickersham.—7.

So the question was decided in the affirmative.

Mr. Diehl

Moved further to amend by striking out the words "and such legislation shall have been obtained as will authorize this corporation to vote one vote for every share of stock held by it in the said Company at all elections for Directors of the said Rail Road."

On this question the yeas and nays were required, and were as follows:

Yeas.—Messrs. Abbey, Diehl, Donaghy, Hansell, Hinman, Irwin, Pohl, Porter, Smith, Thornley, Walborn, Yarrow, Snowden.—13.

Nays.—Messrs. Agnew, Copeland, Griscom, Orne, Poulson, Randall, Wickersham.—7.

So the question was decided in the affirmative.

And the question recurring will Council agree to the first and only section,

The yeas and nays were required, and were as follows:

Yeas.—Messrs. Abbey, Copeland, Diehl, Donaghy, Hansell, Hinman, Irwin, Orne, Pohl, Porter, Randall, Smith, Thornley, Walborn, Yarrow, Snowden.—16.

Nays.—Messrs. Agnew, Griscom, Poulson, Wickersham.—4.

So the question was decided in the affirmative.

The title was agreed to, and the bill ordered to be prepared for a third reading.

It was then by special order read a third time and passed.

Mr. Diehl

Offered the following preamble and resolution:

Whereas, it has come to the knowledge of these Councils that the County Commissioners of the County of Philadelphia, have by resolution agreed to subscribe the sum of two millions of dollars to the capital stock of the Sunbury and Erie Rail Road Company, and whereas the County Board has been convened for Monday next, the 7th inst., for the purpose of considering and passing upon said resolution, and whereas in the judgment of the Councils of the City of Philadelphia, any subscription to said Company by the City or County, as the Board of Managers and officers thereof is at present constituted, would be detrimental to the interests

of this City and County, and tend to affect injuriously the prompt prosecution and early completion of said Road which the interests of our constituents so clearly demand. Therefore

Resolved, That a committee consisting of three members from each chamber be appointed to proceed to Harrisburg to confer with the County Board upon the subject referred to, to remonstrate in the name of this Corporation against the proposed subscription by the County, and to adopt such other measures as may in their judgment be necessary to protect the interests of the City.

And on the question will Council agree to the same,

The yeas and nays were required, and were as follows:

Yeas.—Messrs. Abbey, Agnew, Copeland, Diehl, Donaghy, Hinman, Irwin, Orne, Pohl, Porter, Poulson, Randall, Smith, Thornley, Wickersham, Yarrow.—16.

Nays.—Messrs. Hansell, Walborn, Snowden.—3.

So the question was decided in the affirmative.

The President appointed Messrs. Diehl, Randall and Pohl a committee on behalf of Common Council.

Also,

Offered the following resolution:

Whereas, The City of Philadelphia did under an act of the General Assembly of this Commonwealth, continue the Columbia Rail Road from the west side of the Schuylkill River to the intersection of Broad and Market streets, at a cost of \$ about equal to the average cost of four miles of the said Columbia Road, and as the State Authorities have intimated that the tolls charged by the City for the use of said Road, which are limited by law to the amount charged by the Canal Commissioners for two miles of the Columbia Rail Road, are too high, charges which it is believed the heavy cost of the work fully justified, if the rates established by the State on her Road are reasonable; yet desirous of relieving the trade reaching the City as far as practicable

from all unnecessary impediments, it is hereby resolved by the Councils of the City of Philadelphia, that they will engage on behalf of the City, to keep the Rail Road Bridge across the Schuylkill, and the tracks within the City, in thorough repair, for the use of all cars going to or coming from the said Columbia Rail Road, free of all toll, provided the State will refund to the City the cost of rebuilding the Bridge over the said River and the approaches thereto.

Which was read.

Mr. Hinman

Moved that the further consideration of the same be postponed for the present, and that it be referred to the Committee on Public Highways and to the Committee on City Property, with directions to report to the next stated meeting of Councils.

Which was agreed to.

A message from Select Council

Informed that they had passed the following resolution :

Resolved That the Committee on Public Highways be requested to enquire into the expediency of changing the name of Paper Alley, running from 12th to Broad street, and that of Ann street, running from Broad to Schuylkill 8th street, and from Schuylkill 7th street westward to the Schuylkill River, to Bickham street, or such other uniform name as they may deem proper.

Which was read twice, and passed.

So Common Council concurred.

Also,

Informed that they had received a report from the Commissioners of the Girard estates, and had passed a bill annexed, entitled "An Ordinance to make an appropriation for expenses of the Girard College for Orphans for the year eighteen hundred and fifty-three."

The first, second and third sections were agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order read a third time, and passed.

So Common Council concurred.

Also,

Informed that they had passed the following resolution :

Whereas, The "National Washington Monument Association" having solicited contributions from States, Corporations and others, in materials, for the furtherance of that long neglected and patriotic object; And whereas, Philadelphia must ever claim a proud eminence in all that relates to the opening scenes in that great Drama which gave us a place among the nations of the earth, and called from his comparative retirement our immortal Washington, to that career of glory which has indissolubly connected his name with all that belongs to his country's greatness, therefore,

Resolved, That the Mayor of the City, together with the Presidents of the Select and Common Councils be, and they are hereby appointed a Special Committee, to have prepared under their direction, a suitable block of marble, with such device and inscription as they may deem appropriate, to be presented in the name of the "Corporation of the City of Philadelphia," to the "National Washington Monument Association."

Which was read twice and passed.

So Common Council concurred.

Also,

That they had referred the following resolution to the Committee on Cleansing, with power to act.

Resolved, That the Committee on Cleansing be authorized to provide in their contract for the ensuing year, for the

cleansing at night of such portions of the city as they may deem expedient.

Common Council concurred.

Also,

That they had passed the following resolution :

Resolved, That the Committee on City Property be, and they are hereby authorized to advertise for sale the lots belonging to the City (marked in the report made to Councils on the 30th of December, 1852, as City lots, B. D. and E.) and invite proposals for the purchase of the same for at least one month ; all sales agreed upon by the said Committee to be subject to the approval of Councils.

Which was read twice and passed.

So Common Council concurred.

Also,

Informed that they had received a report from the Watering Committee, and had passed a bill annexed, entitled "An Ordinance to authorize the issue of certificates of City loan to the Board of Health in payment of a certain lot of ground purchased from them."

On motion,

Council proceeded to the second reading and consideration of the bill annexed to the report.

The first, second, and third sections were agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order read a third time, and passed.

So Common Council concurred.

Mr. Wickersham

Moved that Select Council be informed that this Council

is ready to receive them in Convention, for the purpose of electing two members of the Board of Health.

Which was agreed to.

After a short time,

The President, Clerk, and Members of Select Council entered.

And being assembled in Convention, the Chairman stated the object thereof.

Mr. Lennig, of Select Council, and Mr. Randall of Common Council, were appointed tellers, to conduct the election.

Who having collected and counted the votes,

Reported that 29 ballots had been received, and that

Edward C. Markley had received 27 votes.

Whereupon, Edward C. Markley and A. W. Harker were pronounced duly elected members of the Board of Health for the ensuing 3 years.

The Convention was then dissolved, and Select Council retired.

Mr. Hinman

Moved that Council proceed to the nomination of a School Director, to fill the vacancy occasioned by the resignation of T. E. Baxter.

Which was agreed to.

The following nominations were then made:

R. H. Woodworth,
Richard Parker,
George Farr,
Francis Blackburne,
Orrin Rodgers.

Mr. Yarrow,

Moved that Council proceed to the second reading and consideration of the bill entitled "An Ordinance to authorize a loan to pay the expense of constructing culverts and paving streets with cubical blocks."

Which was agreed to.

And the question recurring on the amendment of Mr. Diehl, to strike out, in the sixth line of the first section, "\$50,000," and insert "\$75,000."

Mr. Griscom

Moved that Council do now adjourn.

On this question the yeas and nays were required, and were as follows:—

Yeas. — Messrs. Abbey, Agnew, Donaghy, Griscom, Hansell, Porter, Poulson, Randall, Walborn, Snowden.—10.

Nays.—Messrs. Copeland, Diehl, Hinman, Irwin, Orne, Pohl, Thornley, Wickersham, Yarrow.—9.

Select Council concurred.

A message from Select Council

Informed that they had received a report from the Committee on City Property, and had passed a bill annexed entitled "An Ordinance to make a temporary appropriation to the Committee on City Property."

Which was read.

On motion,

Council proceeded to the second reading and consideration of the bill annexed to the report.

The first and only section was agreed to.

The title was agreed to.

And the bill ordered to be prepared for a third reading.

It was then by special order read a third time and passed.

Select Council concurred.

Also,

Transmitted the following preamble and resolutions with information that they had referred the same to the Committee on Police.

Whereas, The increase in the number of omnibuses from the various districts adjoining the city, congregating in the vicinity of the Exchange and rendering the streets in that neighbourhood almost impassible; and whereas, the owners and occupants of property in said location consider their property injured by the Ordinance making Dock street a stand for said vehicles, therefore

Resolved, That the Committee on Police be instructed to inquire into the expediency of revising the Ordinances regulating the licensing of omnibuses and providing stands for the same and report to Councils with such alterations in relation to the subject as they may deem necessary.

On motion

Council concurred in the reference.

Also,

Informed that they had passed the following preamble and resolutions.

Whereas, The Select and Common Councils of Philadelphia have learned that a bill is now pending before the Senate of Pennsylvania, the object of which is to authorize the construction of a floating bridge in the tide-way of the River Schuylkill, at Penrose's Ferry; and whereas, the trade of the river, now amounting to more than one million of tons annually, carried in boats and sailing vessels, would be seriously impaired, if not driven from that portion of our port, by such a dangerous obstruction. And whereas, independently of the large investments made by the City in her Gas Works and other public property on the Schuylkill, a large proportion of all the wharf front now daily becoming more necessary to our trade and commerce, would also be greatly injured by any further bridge encroachments below Gray's Ferry, therefore be it

Resolved, That the members of the Senate from the City and County of Philadelphia, be earnestly requested to oppose the passage of said bill, and by every honorable exertion in their power, to prevent the enactment of any laws that will authorize any encroachment upon the free navigation of the Schuylkill below Gray's Ferry.

Resolved, That it be respectfully suggested to the members of the Senate from the other parts of the Commonwealth, that the great staples of our internal trade in coal, iron, lime, limestone, wheat, and lumber now reach the sea from the interior, by the waters of the Schuylkill and the canals connected therewith, and that any obstruction at or near the outlet of such a great public Highway, must seriously interfere with the growth of that trade, and only tend to sacrifice great public interests to partial and individual benefit.

Resolved, That a copy of the foregoing preamble and resolutions be signed by the Presidents of Councils, and be transmitted to the Speaker of the Senate.

Which were read twice and passed.

So Common Council concurred.

Mr. Diehl

Offered the following resolution.

Resolved, That the Joint Special Committee appointed by a resolution passed February 3d, 1853, be authorized in conjunction with any Committee that may be appointed by any of the Incorporated Districts of this county, to adopt such measures as may be deemed necessary and proper, to secure to the county of Philadelphia the title which the state of Pennsylvania has in Windmill Island.

Which was read twice and passed.

Select Council concurred.

A message from Select Council,

Informed that they had passed the following resolutions :

Resolved, That an act of the Legislature of Pennsylvania passed the 27th day of April, 1852, entitled "An Act to authorize the Select and Common Councils of the city of Philadelphia to make ordinances to regulate the construction of buildings in said city," be referred to the Committee on Highways, with instructions to report such an ordinance as in their judgment will most effectually meet the necessities of the case, at the earliest period practicable.

Which was read twice and passed.

The President

• Announced that Councils had been convened in consequence of the sudden death of John Price Wetherill, Esq., President of Select Council, which took place on the 24th instant, at 3 o'clock, A. M.

A message from Select Council

Informed that they had passed the following preamble and resolutions :

Whereas, The Select and Common Councils of Philadelphia, being specially convened, to receive formal intelligence of the death of JOHN PRICE WETHERILL, President of the Select Council, have learned the event with the profoundest regret, and testify their sentiments on the occasion in the following resolutions :

Resolved, That this body has lost by the death of JOHN PRICE WETHERILL, its chief officer and ablest member—one whose services continued uninterruptedly through upwards of twenty years, have been less remarkable for the long period over which they have extended, than for the intelligence, diligence, energy, honesty, and disinterestedness, with which they have been rendered for all ordinary purposes, as well as for the promotion of most important measures.

Resolved, That looking beyond the course of official services here, we find Mr. Wetherill, from his earliest youth to his latest day of health, actively devoted to every duty which distinguishes the private and public life of a good man and a true citizen—industrious and persevering in his business, adding the hard labor of his own hands to the solid improvement and useful exercises of his mind; as a scientific manufacturer and merchant in the city, and as a farmer beyond its limits—setting an example of care, knowledge and prudence, deservedly rewarded by prosperity; as a husband and parent, most kind and devoted; as a friend, ardent and sterling; as a republican, independent and simple, loving his whole country with the largest patriotism, and cherishing the community of his home with his wise councils and unremitting exertions; as a philanthropist, delighting in unostentatious benevolence, in the relief of distress and the promotion of every worthy enterprise; as a Christian, exhibiting the best attribute of the name, not only in the earnest profession of his faith, but in the native goodness of his heart, and the practical, fruitful virtues of his life.

Resolved, That the loss of such a man, as it is deeply deplored in every relation, so should the sense of it be signalized with more than usual tokens of regard and respect, and that, therefore, it is further

Resolved, That members of Council will attend the funeral of their late fellow-member, JOHN PRICE WETHERILL, wearing the customary badge of mourning; and that the State House bell be tolled for one hour at the time of the funeral, and that Council Chambers and the Speaker's chair and desk be hung with mourning for one year.

Resolved, That these proceedings be furnished to the widow and family of our deceased friend and brother.

Which were read twice and passed.

So Common Council concurred.

Also, informed

That they had passed the following resolution:

Resolved, That four members of each Council be appointed

to act as pall-bearers at the funeral of their late member, John Price Wetherill.

And had appointed Messrs. Waterman, Perkins, Lancaster and Lennig, on behalf of their body.

On motion,

Cooper, Isaac Myer, and Nathan Taylor, are defendants, all the estate, right, title and interest of Isaac Myer, one of said defendants in and to the following described property, namely, all that certain messuage and lot of ground situate on the east side of Mifflin's Alley, now called Biddle's Alley in the City of Philadelphia, containing in front, north and south, fifteen feet, and in length or depth east and west, fifteen feet: *Provided*, The other defendants in said judgment consent thereto.

APPENDIX No. VII.

To the Select and Common Councils :—

The Committee on Police,

Respectfully report :—

That in pursuit of the varied duties appertaining to their appointment, their attention has been called to very serious inconveniences, if not nuisances, produced by the present method of structure, and from the abuse of the privilege of placing awnings and their appurtenances in front of stores on the streets of the city—a privilege at first designed, and for many years enjoyed, simply for the purpose of defence from the excessive heat of the sun's rays in summer-time; but which has of late, been so perverted, as to become an injury and hindrance to the community at large, besides impairing the beauty of the appearance of the stores and of the streets, throughout a large portion of the year unnecessarily.

Your Committee alludes especially, to that portion of awnings called “awning wings”—or as they are now used—painted canvass signs, stretched across and over the footways

or sidewalks; and they also object, to the dimensions of a large number of awnings, not only because of their insufficient width to cast the drip beyond the curbs into the gutters of the streets, but because they allow such drippings of water upon the pavements of the footways, and thus annoy the passengers thereupon.

Among other arguments which have suggested the action of your Committee in the premises, they venture further to state.

First. That in frequent instances, the ostensible purpose of "awning wings," is not only abortive, but otherwise almost useless, seeing they are placed so close together on the line of adjoining stores; and are further objectionable, because a majority of such "awning wings," remain suspended during all seasons, in the night as well as in the day time.

Second. Because such "awning wings" give rise to exceedingly unpleasant feelings, and sometimes distressing collisions between the occupants of adjoining stores.

Third. Because these "awning wings" are an onerous and unnecessary expense of money to storekeepers, induced by seeming necessity of competition; whilst the desired purpose of specially designating a store, is seldom realized; and hence it is believed, that a large number of citizens would cheerfully abandon their use of such "awning wings," were they generally prohibited by law.

Fourth. Because such "awning wings" obstruct the rays of light from the public street-lamps at night, and so darken the sidewalks or footways, as to render the lamps almost useless and the way unsafe, endangering the limbs, if not the lives of passengers, by liability to fall whilst groping their way, perhaps, over a broken or obstructed pavement. Accidents nightly occur from the causes alluded to.

There are other reasons which might be assigned to sustain the views of your Committee, but they are of opinion, that adequate objections have been adduced to justify them in asking of Councils, their favorable consideration and adoption of the bill annexed hereto, which provides for the removal of all "awning wings" from the streets, and regulates

the width of "awnings" by that of the footways or sidewalks over which such "awnings" are placed.

An Ordinance

To fix the rates of the fare to be charged by the owners or drivers of hackney coaches or carriages, cabs, chaises or vehicles in the nature thereof.

SECTION 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled:* That from and after the first day of January, A. D., 1853, the rates or prices to be taken by the owners or drivers of hackney coaches, or carriages, or cabs, or chaises, or vehicles in the nature thereof, shall be as follows, namely :

For conveying each and every passenger from any place within the corporate limits of the City of Philadelphia to any place within the same, whether the same be a steamboat landing, rail road depot, or any place whatever, the sum of twenty-five cents. For any trunk, box, case, portmanteau, or other baggage of sufficient size or weight to exclude a passenger, placed inside of said vehicle at the request of the owner of such baggage, the sum of twenty-five cents for each passenger that might be excluded thereby.

SECT. 2. *And be it further ordained and enacted by the*

authority aforesaid, That there shall be placed within each vehicle above mentioned, employed in the conveyance of passengers, in a conspicuous place therein, at all times, a card containing the number of such vehicle, the name and residence of the owner thereof, and a copy of this ordinance; the said card to be furnished by the City Clerk on application therefor.

SECT. 3. *And be it further ordained and enacted by the authority aforesaid*, That if the owner, driver or person having charge of any such vehicle before mentioned, shall ask, demand, or receive any larger sum than that which he may be entitled to receive as set forth in the first section hereof, he shall forfeit and pay for every such offence the sum of five dollars; and also forfeit all claim for compensation for the services for which such greater sum as aforesaid has been asked or demanded; and if any such vehicle shall be offered for employment wherein the card mentioned in the section of this ordinance is not so as aforesaid placed, the owner or driver of thereof shall forfeit and pay for each offence the sum of five dollars.

SECT. 4. *And be it further ordained and enacted by the authority aforesaid*, That no driver of the before mentioned vehicles which have been registered according to existing ordinances shall, while standing unemployed on any of the streets or wharves of the city, refuse or neglect to convey any person or persons, or their baggage, to any place within the corporate limits of the city upon being applied to for that purpose, under a penalty of five dollars for every such offence.

SECT. 5. *And be it further ordained and enacted by the authority aforesaid*, That nothing herein contained shall be construed to extend to coaches, carriages, or other like vehicles, which though kept for hire, are not upon any occasion sent by their proprietors upon the public stands or upon any of the wharves for hire, but which are only let for hire upon special application to the proprietors and upon special agreement.

SECT. 6. *And be it further ordained and enacted by the authority aforesaid*, That the penalties herein mentioned shall be sued for and recovered in the manner that penalties for breach of Ordinances are now by law recoverable and recovered.

SECT. 7. *And be it further ordained and enacted by the authority aforesaid*, That so much of any Ordinance as is inconsistent herewith, be and the same is hereby repealed.

APPENDIX No. XXIX.

To the Select and Common Councils :

The Committee on Legacies and Trusts, in compliance with the provisions of the Ordinance of October 1st, 1835, submit the following estimate of the amount of the appropriation required in this Department for the following year 1853.

For the Fire Department. Twenty-six Companies at \$400 each,	\$10,400,00
For Incidentals in carrying out the various Trusts under their charge including the payment of taxes on the Boudinot Lands. . . .	400 00
	<hr/>
	\$10,800 00

It will be observed that the Committee have raised the Annual appropriations to the Fire Companies \$100, that is from \$300 to \$400.

This matter was referred to the Committee by Councils on the 12th February last, (1852,) together with the Petitions of upwards of 22 Companies, asking an increase.

The Committee reported to Councils at their subsequent Meeting on 26th February, 1852, that they considered it inexpedient at that time to make the alterations, as their Annual Estimate had been referred to the Committee on Finance.

They however recommended the matter to the favourable consideration of Councils, and now reiterate their approval of the increase as above stated. All of which is respectfully submitted.

APPENDIX No. XXXI.

The Joint Special Committee, to whom was referred the petition of the board of managers of the "Churchmans Missionary Association for Seamen," and the several memorials of other clergy, asking for the renewal of the lease of said association of the dock at the foot of Spruce street, for the accommodation of the Floating Chapel, respectfully submit the following statement as the result of their examination into the circumstances of the case, and of their views, under the facts elicited, upon the subject referred to them.

It appears that the dock in question, was first leased to Mr. Lancaster, in the year 1823, and that he retained possession of it under leases regularly granted by the city, until the 1st of March, 1849, with the exception of the year 1833 or '34. That the annual rent when it was first leased to him was \$150, but that a few years after it was raised to \$200 per annum, at which rent it remained until he gave up possession in 1849. That he did not apply for a renewal of his lease which expired 1st March, 1849, but that being aware of the determination of the Committee on City Property, not to rent the dock for the use of the church after the expiration of their present lease, he did on the 27th of December last, make application for it, and has entered into an agreement with the committee to lease it for one year from the 1st of March next, at a rent of \$500, per annum.

That in the latter part of the year 1848, the Missionary Association made application to the Committee on City Property for the dock in question, which resulted in an arrangement that they should have it for three years at a rent of \$400 per annum; a lease was executed for *one* year and renewed successively for the two succeeding years, without application from the association, such application being considered unnecessary for the reason that the general understanding was for three years, although the first lease was only for one year, and made no provision for any renewal. That prior to the expiration of the third year the association made application for a renewal of their lease, which was granted by the committee for one year, at the same rent as previously paid; the lease thus granted will expire on the first day of March next. The expense of cleaning the dock when it was first taken by the church, which amounted to about \$350, was about equally divided between the association and the city.

On the 22nd of last November the Committee on City Property gave to the managers of the church the regular legal notice to vacate the premises, and on the 27th of December, the same committee passed the following resolution, a copy of which was sent to the association.

“Resolved, That the chairman be requested to inform the Trustees of the Floating Chapel that the city desire to have the dock at Spruce street Delaware, in their possession so that it may be rented for legitimate commercial purposes.”

To this resolution and the notice previously given, the association made no response, for the reasons as they explain, that they were of opinion that the notice was only given in accordance with a general rule adopted by the committee to secure the possession of the property at the expiration of the year, should they desire to do so, and that a reply to the resolution was considered unnecessary, in as much as the committee appeared to have made a positive and unalterable decision upon the subject. Under this state of the case the managers of the Church deemed it proper to present to Councils their application for a release of the dock, in the hope that under a review of all the circumstances of the case, the expression of a favourable opinion by Councils would have its proper influence upon the committee having charge of the subject. In the exercise of this their unquestionable right of appealing to Councils, the association disclaim any intention of reflecting in any way upon the committee on city property. It was in the opinion of the managers of the church, essential to the success if not to the existence of their enterprize, that they should obtain a release of the dock, and they consider it their duty to make every possible and proper effort to succeed. It is proper here to state that the directors of the church when they adopted their communication to Councils, were not aware of the fact, that the committee on city property had leased the premises to Mr. Lancaster.

By the resolution adopted by the committee on city property as quoted above it appears that their decision against the removal of the lease of the church was induced by a determination that the dock should hereafter be appropriated only to the “legitimate purposes of commerce,” the lease to Mr. Lancaster contains no restrictions as to the uses to which it shall be applied, and in answer to a question submitted by your committee “as to how he intended to appropriate it” he very candidly replied, “that if the oyster boats continued “to come to the wharf above, then to their accomodation, if

“they did not, then to any other legitimate purpose which he “might find most advantageous.” The intention of Mr. Lancaster, as thus expressed, was most probably known to the committee on city property when his recent lease was concluded, and the appropriation of the dock to the accomodation of oyster boats was most likely anticipated by them, and may in their judgment come entirely within their decision of renting the property only for the “legitimate purposes of commerce.” But your committee respectfully submit that although the oyster trade may be entirely legitimate, it is not in the true sense, or general acceptation of the term, a commercial pursuit, and that the appropriation of dock room to its accomodation does not in any way promote the “legitimate purposes of commerce,” and further that it is a trade, which at certain seasons of the year, if permitted to concentrate at any particular point is likely to effect injuriously the health of citizens, for these reasons your committee are of opinion that none of the city property on the river front should be leased for such purpose. The location of the church in the dock in question has undoubtedly been of great advantage to the neighbourhood, particularly on Sundays; before the chapel was placed there, the dock being the point around which most of the oyster boats were moored, very frequently presented scenes highly discreditable to the city. But since the church has been opened quietness and good order have prevailed, and many of the men attached to the vessels lying in the vicinity, who were formerly engaged during Sunday in selling and opening oysters, are now found in the chapel listening to the instruction which is there imparted.

From the examination which your committee has made, it appears that the committee on city property has no regular system of renting property, so far as relates to the policy of giving public notice of the premises they may have to rent, and of their willingness to receive proposals; in some instances proposals have been invited, but more generally the lettings and relettings have been made without such public notice. The undersigned are of opinion that the interests of the city would be promoted if the committee adopted the plan of giving regular public notice of the properties they may have to lease, declaring at the same time their readiness to receive proposals. Such course your committee believe would not only give an equal chance to all who might desire to become tenants of the city, but would more probably, by creating a competition increase the revenue of the corporation.

So far as relates to the leasing of the property in question to Mr. Lancaster, and in all other matters relating to the subject, the committee on city property appear to have been governed by the same rules which regulate their actions in similar cases, and the conduct of Mr. Lancaster as connected with the action of the committee, appears to have been so entirely unobjectionable as clearly to exonerate him from all censure. Your committee deem it necessary thus to express their opinion in regard to Mr. Lancaster's course, only because of his peculiar position. He is not only a member of Council, but a member of the committee having supervision of the subject under consideration, and might therefore be open to the suspicion of illiberal minds, of having made use of his official position to promote his own interests, by securing through that influence possession of the dock in question. Your committee have no reason to believe that he ever exercised or attempted to exercise any such influence. He made application for the dock in the same manner as any other citizen would have been required to do, his application was formally considered by the committee as the application of any other party would have been, and as he was the highest bidder, in fact the only one, the committee awarded to him the lease he solicited; he applied for and received a lease of the property as an individual member of the community, and certainly his being a member of Councils and one of a committee of Councils, cannot in any way effect his right as a private citizen.

Your committee cannot in justice to their own feelings close this report without expressing their high commendation of the noble mission in which the members of the "Churchman's Missionary Association for Seamen," have embarked. It is an enterprize which merits as it must receive the unqualified approval of all good citizens, richly deserving the support and assistance of all who feel an interest, and who does not, in advancing the social and moral condition of that hardy class whose lives are exposed to the tempestuous ocean, and who receive so little, although they deserve so much, for the part they perform in promoting the honor, welfare and prosperity of the nation. To the managers and others engaged in this most laudable undertaking, too much praise cannot be awarded; prompted by a generous philanthropy, they have selected for cultivation a soil, which although rough by comparison, yet promises an abundant harvest, and they may surely, we think, anticipate a rich return, not only in the benefits which they will confer upon a deserving people

but in the approval of their own consciences which is the best reward.

Under the circumstances of the case as thus presented, your Committee do not see that they can with propriety recommend to Councils any action in the matter; Councils have assigned to the Committee on City Property full power to act not only in this particular case, but in all matters relating to the letting and reletting of all the City Property, and that Committee having leased the premises to another party, neither Councils nor the Committee have the power to annul that engagement.

The possession of the dock for the year ending March 1st, 1854, is with Mr. Lancaster, and it is for him alone to say whether the church shall or shall not be accommodated.

Your Committee therefore offer the following resolution:

Resolved, That the Committee be discharged from the further consideration of the subject.

APPENDIX No. XXXII.

The Joint Special Committee to whom was referred a preamble and resolutions adopted and submitted to Councils by the Standing Committee of the Incorporated District of the Northern Liberties, relative to the extension of piers into the Delaware River, in the District of Southwark, present the following report:

That in the year 1850, the Board of Wardens, acting under Legislative authority, established a line for the extension of piers within the Districts of Northern Liberties, and Kensington, and that in the same year, believing that the uniform line for the several Districts composing the port of Philadelphia was desirable, rendered necessary so far as Southwark was concerned, by the contemplated improvements on the river front of that district, which appeared to call for an expression

of the opinion of the board as to how far the extension of wharves therein would be sanctioned, established a line for that district, which was considered liberal so far as the interests of Southwark were concerned, and safe for the City and Northern Districts, so far as the erection of piers to such line would effect the channel of the river. This line for Southwark cannot be considered as permanently established, for it is not sanctioned or authorized by any act of the Legislature. The Board of Wardens, your committee are informed, did not so consider it when it was arranged, but adopted it with a view of regulating their own actions, upon all applications for such improvements which should come before them from that district. The line so adopted was unsatisfactory to the Commissioners of the District of Southwark, and the citizens thereof, who took an interest in the matter, and strenuous efforts have been made ever since, not only with the Board of Wardens but with the Legislature, to secure the right of extension to some 120 to 140 feet beyond the line fixed by the Wardens as above referred to; all their efforts have been thus far successfully resisted, upon the ground that the privilege if granted to the extent demanded would injuriously affect the channel of the river, and operate to the disadvantage of the city and more northern districts. These are briefly the circumstances of this matter. But your committee are informed that very recently the Board of Wardens have passed a resolution recommending to the Legislature the passage of a law, authorizing the permanent establishment of a line for that district which will secure to Southwark the right of extension of from twenty to fifty feet (according to location) beyond what was arranged by the Wardens in 1850.

The extension thus contemplated, your committee believe, from the best information they have been enabled to obtain on the subject, would not affect injuriously the channel of the river, or operate disadvantageously to the city or upper districts, and as your committee understand that the proposition of the Wardens meets the approbation of the Commissioners of the District of Southwark, they would recommend its approval by Councils, in the hope that its adoption by the Legislature will effect the settlement of a question in regard to which much interest and considerable feeling has been manifested.

Under these views your committee offer the following resolution:

Resolved, That the Councils of the City of Philadelphia approve of the resolution adopted by the Board of Wardens

on the 3d inst., recommending to the Legislature the passage of an act establishing, as therein indicated, a line for the extension of piers into the river Delaware in the District of Southwark, and that a copy of this resolution be transmitted to the Commissioners of the Northern Liberties and to the Board of Wardens, all of which is respectfully submitted.

Respectfully submits

That he has not signed the report this day made by said Joint Special Committee, because, *First.* He has not had an opportunity to acquire the information necessary to enable him to form a mature opinion on the subject matter of the report, by reason of severe sickness, which prevented his attendance at some of the meetings of the committee, if indeed any meetings of business was ever held by the committee, previously to the one at which the undersigned attended, of which he is not aware. *Secondly,* because, at a meeting of the committee at which he did attend, (being the final meeting held by the committee,) it was the understanding of the undersigned that the conclusion of the committee was, that while they would not differ from the decision or action of the Port Wardens, yet that it was not the duty or the place of the Councils of the city to adopt their doings in the premises. This being in accordance with the sentiments of the undersigned, he respectfully submits this statement.

An Ordinance

Relative to Water Street.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Council assembled.* That the Committee on Public Highways be and they are hereby authorized to pay to John Woodside and William Woodside the sum of fourteen hundred dollars, which amount they have agreed to accept as compensation for injury done to their property situate on the west side of Water Street at the distance of sixty-two feet from the south side of Chestnut Street, containing in front on said Water Street twenty feet, by taking a portion thereof from the front on Water Street, by the laying out of Water Street anew.

SECTION 2. That the sum of fourteen hundred dollars out of the income of the fund appropriated under the twenty second item of the will of Stephen Girard, for the improvement of the eastern front of the city and Delaware Avenue, be appropriated to the expense of carrying into effect this ordinance, to be paid in the manner that appropriations for Delaware Avenue are directed to be paid, in the several ordinances relating thereto.

APPENDIX No. XXXV.

To the Select and Common Councils :

The Committee on Public Highways report herewith a bill supplementary to the ordinance passed the 29th January, 1846, entitled "An Ordinance to prohibit the erection of certain wharves and buildings therein described, and to prohibit obstructions to the eastward of Delaware avenue."

This bill is a modification of the supplement passed June 18, 1846, and its provisions, your committee believe, will carry out the views intended by that bill, which was to afford some shelter to produce and merchandize, during the transit to and from the wharf to the vessel in inclement weather.

The bill also makes provision requiring the owners of wharves to pave or plank the same in accordance with the will of Stephen Girard.

Respectfully submitted.

A Further Supplement

To an ordinance, passed the 29th day of January, 1846, entitled "An Ordinance to prohibit the erection of certain wharves and buildings therein described, and to prohibit obstructions to the eastward of Delaware Avenue."

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia in Select and Common Councils assembled, That from and after the first day of March, 1853, it shall not be lawful to construct, maintain or continue any fence to the eastward of Delaware Avenue: nor any building or structure to the eastward of said Avenue which shall not be of the following character, materials and dimensions, viz: a canvas or metallic covering supported by posts or pillars, the height of said covering to be not more than 15 feet nor less than 10 feet in the clear, and between the posts or pillars there shall be sufficient space for the passage of carts and drays: such*

covering and posts or pillars not to be placed within less than 10 feet of the east line of Delaware Avenue.

SECT. 2 *And be it further ordained and enacted by the authorities aforesaid*, That every fence which shall be constructed, maintained or continued to the eastward of Delaware Avenue, and every building or structure which shall be constructed, maintained or continued to the eastward of said Avenue, which shall not conform to all the particulars described in the first section hereof, shall be, and the same is hereby declared to be a nuisance.

SECT. 3. *And be it further ordained and enacted by the authorities aforesaid*, That every person who shall construct maintain and continue any fence or any building or structure to the eastward of Delaware Avenue, contrary to the provisions of the first section of this ordinance, shall, on the conviction thereof before the Court of Quarter Sessions of the Peace of the County of Philadelphia, forfeit and be sentenced and adjudged to pay a fine of Two Hundred Dollars, and to remove such fence, building or structure.

SECT. 4. *And be it further ordained and enacted by the authorities aforesaid*, That it shall be lawful at any time for the Select and Common Councils to pass ordinances to require the removal from any wharf of any building or structure erected conformably to the provisons hereof, and to declare the same to be a nuisance, and to compel the owners thereof to remove the same.

SECT. 5. *And be it further ordained and enacted by the authority aforesaid*, That it shall be the duty of every owner, or agent of such owner, of any wharf on the river Delaware, in front of the City of Philadelphia, to cover the same with plank or to pave it with stone.

SECT. 6. That if any such owner or agent shall refuse or neglect so to cover any such wharf, after notice to that effect by the City Commissioners, he or she shall forfeit and pay the sum of fifty dollars, to be sued for and recovered as penalties of like amount are by law sued for and recovered.

SECT. 7. That so much of any ordinance as is hereby altered or supplied, be, and the same is hereby repealed.

APPENDIX No. XXXVI.

The Joint Special Committee to which was referred the preamble and resolutions adopted by the Commissioners of the Incorporated District of the Northern Liberties, relating to the propriety of adopting a uniform width of wharves within the limits of the port of Philadelphia .

Respectfully report :

That in view of the anticipated increase of the commerce of the port, your committee are of opinion that the interest of the City and the several Districts require that the Board of Wardens, to whom is given the power of regulating all extension of piers into the tideway of the river Delaware, should so regulate such improvements as to secure the greatest possible accommodation for the shipping and trade of the port. Your committee believe that whilst the adoption of such a policy would not injuriously affect the right of owners of property on the river front, it would tend materially to promote our commercial interest.

Your committee therefore offer the following resolution and ask its adoption.

Resolved, That Councils concur in the views expressed in the forgoing report, and order that a copy of the same including this resolution, be transmitted to the Commissioners of the Incorporated District of the Northern Liberties, and to the Board of Wardens of the port of Philadelphia.

APPENDIX No. XXXVIII.

To the Select and Common Councils :

The Committee on Public Highways, to whom was referred the petitions for and the remonstrances against changing the name of Strawberry Alley to Stuart Street,

Respectfully report :—

That they deem it inexpedient to change the name of said street, and therefore, offer the following resolution.

SAM'L COPELAND,
WM. F. HANSELL,
W. WATT,
ROBERT HUTCHINSON,
FRED'K LENNIG,
JOHN THORNLEY.

Resolved, That the Committee be discharged from the further consideration of the subject.

APPENDIX No. XXXIX.

To the Select and Common Councils :

The Committee on Police to whom was referred the memorial of a number of citizens, asking that the ordinance lately passed by Councils fixing the rate of fare, &c., to be charged by the owners and drivers of hackney coaches, cabs, chaises, or other vehicles in the nature thereof, be repealed.

Respectfully report :

That having considered the same, a majority of the Committee are of the opinion, that it is inexpedient to grant the prayer of your memorialists ; and further, your committee ask the adoption of the resolution annexed, discharging the committee from further consideration of the subject.

Committee on Police.

Resolved, That the Committee be discharged from the further consideration of the subject of this report.

APPENDIX No. XL.

To the Select and Common Councils :

The Committee on Public Highways, to whom was referred the petition praying that the name of Bank Alley should be changed to Gold Street.

Respectfully report :—

That after an investigation of the subject, they have no doubt that it is a serious inconvenience, not only to the occupiers of Bank Alley, but to the public generally, that there should be in the same locality two streets bearing almost the same name. Being places where an extensive business is carried on, it seems but just that they should be distinguished in some way which, would enable customers from a distance to find them without difficulty.

The Committee therefore report the following bill and ask its adoption.

An Ordinance

Changing the name of Bank alley to Gold street.

SECT. 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled:* That the street between Walnut and Lodge street, running from Second to Dock street, heretofore called Bank alley, be hereafter named and called Gold street.

APPENDIX No. XLI.

To the Select and Common Councils :

The Committee on Public Highways, to whom was referred a bill entitled "A further supplement to an ordinance passed

the 29th day of January, A. D. 1846, entitled An ordinance to prohibit the erection of certain wharves and buildings therein described, and to prohibit obstructions to the eastward of Delaware Avenue," with a request that they would obtain the opinion of the city solicitor in relation to the legality of an amendment proposed thereto.

Respectfully report:—

That they have obtained the opinion of the solicitor which will be found annexed. They therefore offer the following resolution.

JOHN YARROW, *Chairman*.
WM. F. HANSELL,
ROBERT HUTCHINSON,
SAM'L COPELAND,
FRED'K LENNIG,
JOHN THORNLEY,

Resolved, That the Committee be discharged from the further consideration of the subject.

I am requested by a resolution of Councils, of the 17th February, 1853, to give my opinion "as to the legality" of a certain amendment proposed to be made to a bill, supplementary to "an ordinance to prohibit the erection of certain wharves and buildings therein described and to prohibit obstructions to the eastward of Delaware Avenue."

The bill referred to, provides in the first section, that no buildings or structures unless composed of a metallic covering and supported by posts or pillars and of certain specified dimensions and height shall be allowed to remain to the eastward of Delaware Avenue. This section it is proposed to amend by adding the following proviso, namely: "Provided "nevertheless, that as several of the ferries located at the "heads of docks, would be excluded from having the necessary shelter for passengers waiting for the boats, therefore, "it shall be lawful for the Committee on Public Highways to "grant permits for the erection and continuance of such "temporary means of protection as in their opinion will afford "the necessary accommodations."

The original bill authorizes the erection of certain permanent structures to the eastward of Delaware Avenue; the amendment such temporary structures as the Committee on Public Highways shall think necessary to afford certain accommodations.

I am of opinion that Councils have no authority to authorise the erection of any such buildings as are described in the bill; and if the amendment is intended to allow of buildings or fixtures which are not temporary, in the ordinary sense of the word, that is something that may be and is intended to be removed from time to time and to be used but occasionally, then the amendment is equally illegal.

All buildings, inclosures, or obstructions on the wharves, eastward of low water mark, (which includes all the ground east of Delaware Avenue) are prohibited by an act of Assembly passed in 1803. That act is to establish a Board of Wardens for the port of Philadelphia, and provides in 12th section "that if any person shall hereafter erect, make, "or fix, or cause to be erected, made, or fixed, on any wharf "within the City of Philadelphia, any building, enclosure, or "other obstruction, whereby a free passage over and along "the same shall be impeded," he shall forfeit and pay for every such offence a sum not exceeding one hundred dollars; and the Wardens are required to remove such building, enclosure or obstruction, if the owner refuse after notice from them.

This provision of the act is in force and I know of no authority in Councils, to repeal, alter or modify it in any manner. Subsequent legislation authorizes Councils to carry out the views of the makers of the act of 1803, in the prohibition of the buildings, &c., mentioned.

Mr. Girard in that portion of his will, which provides for the improvement of the eastern front of our city, requires Councils to procure authority from the Legislature "to prohibit all buildings, fences or erections of any kind to the "eastward of said (Delaware) Avenue." And in the enumeration of the laws, which he requires the Legislature to enact, in consideration of his bequest of \$300,000 to the commonwealth, he mentions laws to prohibit the creation of buildings, fences or other obstructions to the eastward of Delaware Avenue.

The General Assembly accordingly by the act of March, 1832, to enable the City Corporation to carry into effect the improvements mentioned in, and to execute the trusts created by the will of Mr. Girard, authorizes it "to require the removal and prohibit the construction in future of all buildings, fences and other obstructions to the eastward of Delaware Avenue."

When Councils shall have passed the necessary ordinances to prohibit the construction and continuance of the buildings,

fences and other obstructions to the eastward of Delaware Avenue as intended by Mr. Girard, then the act of 1803 will cease to be operative ; but until then I think that act is in full force and vigor, as Councils have not passed such ordinances, the act is in force and prohibits the creation of such structures as are mentioned in the first section of the bill and amendment referred to me.

EDWARD OLMSTED
City Solicitor.

Resolved, That the payment to Captain Loudenslager, of the night police, District No. 2, of the sum of fifteen dollars, by the Committee on Police, for the preparing and superintending the printing of the lamplighters' calendar for the year 1853, be, and the same is hereby approved.

APPENDIX No. XLIII.

To the Select and Common Councils :

The Committee on Police, to whom was referred the consideration of a memorial signed by fifty-nine citizens, asking the repeal of an ordinance recently passed in relation to awning wings.

Respectfully report :—

That they do not deem it advisable at this time to recommend the modification or repeal of the ordinance referred to, not only, because they are convinced of the reasonableness and urgency of the causes assigned in their report which recommended the passage of the law ; but also, from the general good effects observed of its operation. The ordinance went into use on the first day of the present month, and it is even now sufficiently obvious, that the advantages produced thereby, both as regards the appearance and safety of the side-walks of our streets, hitherto obstructed by awning wings, amply justify the necessity of the restrictions enjoined.

Your Committee, therefore, offer the resolution annexed.

APPENDIX No. XLIV

To the Select and Common Councils :

The undersigned Committee of Visitation—Girard College—for the months of January and February, A. D. 1853—

Respectfully Report :

That they have performed to the best of their ability the duties enjoined, during the period allotted to them in the general arrangement, by which the members of Select and Common Councils are successively called, throughout the year, to the supervision of the affairs of Girard College.

In relation to the “arrangement” alluded to, it seems

proper to remark, that experience has approved its institution. Numerous advantages have been developed thereby, and it is moreover highly commendable because of the satisfaction it imparts to the minds of all parties concerned. Thus to each individual member of Councils it offers the utmost facility of research, and of acquaintance with the minutest details, in the schools, and of the household affairs of Girard College. To our fellow-citizens at large—through the medium of their representatives in Councils—it secures a more ample and available guarantee for the faithfulness and integrity of its management, than that of any other public institution we have knowledge of. And to the Board of Directors, and to the President of the College, it must have proved a source of gratification, inasmuch as it is also the avenue of knowledge and investigation, through which their devotedness to the welfare and practical usefulness of their charge has become known and appreciated.

The progress and present state of this great work of beneficence to your Committee appears to be prosperous, especially in the schools. There, truly, the advance of the pupils in their studies, has become a matter of surprise and gratulation. The rapid and extraordinary attainments of the boys in their several departments, have given a character to those schools far in advance of most of their contemporaries, and hence an interesting question has occurred, as to whether this happy position of the pupils is attributable solely to the indefatigable care and attention of the teachers—to the fruitfulness of mental soil to which such means have been ministered—or, indeed, to both of these causes, through the operation of the moral influences imbibed in the process of household discipline, on the minds of the pupils?

With regard to the management of the College, your Committee have ascertained, that in the course of duty prescribed by themselves, the Board of Directors exhibit a truly praiseworthy zeal and assiduity. They employ fourteen books, wherein their proceedings, and the details of the labors of their committees, and their accounts of receipts and disbursements are recorded: an examination of these was satisfactory. The manner in which these volumes are kept, is very creditable to the accuracy and good taste of their accomplished Secretary.

During their investigations, your Committee have become acquainted with a cause of difficulty, which, if it is allowed to continue, they apprehend will hereafter increase and strengthen itself until it becomes a formidable obstruction to

the peace of mind of the pupils, and to the discipline of the College;—they refer to the too frequent intercourse of the boys with their relations and friends outside of the College. That effects of this excessive indulgence is sufficiently apparent in the fretfulness and discontent of the pupils, tending to disqualify the tender minds of these children for the enjoyment of privileges they possess, and detrimental to their moral progress and general welfare. It is however earnestly hoped that this cause of difficulty will be abated in accordance with existing regulations; which it is understood are not severe, but sufficient to effect the desired restraint, without interfering with the relations of kindred or affection.

In conclusion, your Committee submit the Resolution annexed, and respectfully ask its adoption by Councils, in the belief, that it is the duty of the Committees of Visitation to so record their proceedings, that they may be found hereafter on the minutes of Council. The accumulation of facts and observations thus acquired will be of great value, especially as noting the rise and progress of Girard College.

TO MILLARD FILLMORE,

President of the United States.

Sir,

In pursuance of the proceedings of Select and Common Councils of the city of Philadelphia, a certified copy of whose minutes are herewith inclosed.—The Committee so appointed have peculiar gratification in communicating the same to you, and on behalf of Councils, the expression of their wishes in relation to your visit to our city—not merely from the high and responsible station you now occupy, but from the admiration of the ability, the firmness, and disinterestedness you have shown in that, and every other situation to which you have been called by your fellow citizens. In your whole course they have seen an entire devotion of all your energies to the public good, and to the maintenance of those great principles which they consider essential to the prosperity of our country, and the peace and happiness of the people, as well as the continuance of our republican institutions ; you have thereby won the esteem and regard of the whole community ; and the Councils of Philadelphia will be much gratified by being

allowed the opportunity of expressing to you, personally, the feelings and opinions of their constituents.

With great respect,

We have the honor to be,

Washington, March 7th, 1853.

GENTLEMEN,

Your very kind and flattering letter of the 24th ult., enclosing a copy of the resolutions adopted by Select and Common Councils of the city of Philadelphia, inviting me to become a guest of your city on my return home from Washington, came duly to hand and would have received a more prompt answer, but from the fact that I could not determine until the close of my administration whether I should return to Buffalo by the way of Philadelphia, or go south and return by the way of the Mississippi and great lakes. It is now my intention to pursue the latter route, and I am consequently compelled to decline your invitation, otherwise it would give me great pleasure to accept it.

I have many reasons for recollecting your beautiful and flourishing city with gratitude. It has always treated me with the greatest kindness and courtesy; and it numbers among its inhabitants some of my most cherished friends. And I shall ever regard the unanimous resolution of your City Councils to tender me its hospitalities in Independence Hall, as the proudest tribute which has ever been paid to my humble endeavours to serve my native country. For this signal mark of your approbation I beg leave to return to you, and through you to those whom you represent, my grateful thanks.

With my sincere acknowledgment of the great obligations which you have imposed upon me by the manner in which you have been pleased to speak of my public services, and my best wishes for your individual healths and prosperity, I beg leave to subscribe myself

Your friend and fellow citizen,
MILLARD FILLMORE.

APPENDIX No. LIX.

To the Select and Common Councils:

The Committee on Finance,

Report,

That application has been made to them by the Treasurer of St. Joseph's Orphan Asylum, to refund certain taxes assessed for the year 1851, on property belonging to the said Asylum, situated on south Second street and Emslie's alley, on the ground that the property was at the time exempt from taxation.

The Committee have caused an examination to be made of the facts alleged by the Treasurer of the Asylum, and ascertained that the property was, at the time the tax was assessed, exempt from taxation, and that it was paid to the Collector of the City in ignorance thereof.

Councils have in more than one instance refunded taxes

paid under similar circumstances, and the Committee therefore recommend the passage of the annexed resolution.

APPENDIX No. LX.

To the Select and Common Councils :

The Committee on Finance,
Report,

That Councils on the 17 February last, passed an ordinance, directing the Mayor not to make the subscription to the capital stock of the Sunbury and Erie Rail Road Company, as he was authorized to do by a previous ordinance, until Councils should instruct him so to do. This ordinance having never been recorded did not become a law.

The Committee taking for granted that it is not the intention of Councils to authorize the Mayor to subscribe to the stock of this Company on the terms mentioned by the original ordinance only, but that it is still desired, that further legislation or some other arrangement concerning the management of the Company shall take place before such subscription is made. Herewith present to Councils for re-enactment the ordinance which so as above mentioned failed to become a law.

A Supplement

To an Ordinance passed the third day of February, 1853, entitled "An Ordinance to authorize a subscription on the part of the City to the capital stock of the Sunbury and Erie Rail Road Company."

SECTION 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled:* That the Mayor of the City be and he is hereby directed not to make the subscription to the capital stock of the Sunbury and Erie Rail Road Company as authorized by the ordinance to which this is a supplement, until Councils shall instruct him so to do, notwithstanding the conditions contained in the said ordinance as pre-requisites to such subscription shall have been fulfilled.

APPENDIX No. LXII.

An Ordinance

To authorize a subscription on the part of the city, to the capital stock of the Hempfield Railroad Company, and to provide for the payment of the instalments thereon.

SECTION 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the Mayor of the City be and he is hereby authorized and required to subscribe in the name and behalf of the Mayor, Aldermen and Citizens of Philadelphia, forthwith, for ten thousand shares in the capital stock of the Hempfield Railroad Company.

SECT. 2. That to provide for the payment of the respective instalments on said shares of stock, as the same may become due and payable, according to the provisions of the act incorporating the said Railroad Company, the Mayor is hereby authorized from time to time, as he may be requested by the Committee on Finance, to raise by loan, at a rate of interest not exceeding six per cent., per annum, payable half yearly, on the first days of January and July, such sum or sums as may be necessary for the purposes aforesaid, not ex-

ceeding in the whole, the sum of five hundred thousand dollars, for which certificates shall be issued in the usual form, in such sums as may be convenient to the lenders, not, however, for any fractional part of one hundred dollars, the said loan to be redeemable on the first day of January, A. D. 1889, and not before, without the consent of the holders of said certificates, which shall be transferable in like manner with other certificates of city debts.

SECT. 3. That the sum of one fourth of one per cent. on the par value of the loan created and issued by virtue of this Ordinance, shall be appropriated quarterly to the sinking fund, out of the income of the real and corporate estate of the city and water rents, and any premium which shall be obtained on said loan, shall be placed to the credit of the sinking fund.

APPENDIX No. LXII.

A Supplement

To an ordinance entitled an ordinance for the construction and management of the Philadelphia Gas Works.

SECTION 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the Mayor of the City be, and he is hereby authorized upon the requisition of the Trustees of the Philadelphia Gas Works, to borrow upon the faith of the City the sum of one hundred thousand dollars, at a rate of interest not exceeding six per cent. per annum, payable half yearly, on the first day of January and July. The certificates for which shall be issued in the usual form of the certificates of the gas loans and be transferable in like manner, and the principal of which shall not be redeemable before the first day of July, Anno Domini, eighteen hundred and seventy-eight, without the consent of the holders thereof.

SECTION 2. That in order to pay the interest on the said loan and to provide for the reimbursement of the principal thereof, when the same shall be payable, the said Trustees of the Philadelphia Gas Works shall set apart out of their receipts for the sale of gas and the rents of the buildings hereby authorized to be erected, the sum of eight per cent. per annum

on the amount borrowed by virtue of this ordinance, and any excess of the said sum of eight per cent. per annum that may not be required for the payment of the interest on the sum so borrowed shall be invested, accumulated and applied for the redemption of the loan hereby authorized as is now directed by ordinance for the sinking fund of the Gas Works, and any premium that may be received on the said loan shall also be appropriated to and invested for said sinking fund.

SECTION 3. That the money borrowed by virtue of this ordinance shall be appropriated and applied by the said Trustees for the erection of dwelling houses for the residence of the workmen and others permanently employed by said Trustees for the manufacture and distribution of gas. The said buildings shall be erected on the property purchased as a site for the Gas Works, situated in Passyunk Township, Philadelphia County, and the plans, materials, dimensions, cost and location thereof and the terms upon which they shall be rented to the said workmen and others shall be submitted to Councils and be approved of by them before the said Trustees shall make any contract for the building or renting of the said dwelling houses.

An Ordinance

Fixing the width of the cartway in Budden's Alley from Twelfth to Thirteenth street.

SECTION 1. *Be it ordained and enacted by the citizens of Philadelphia, in Select and Common Councils assembled,* That the width of the cartway in Budden's Alley, from Twelfth to Thirteenth street, shall be six feet ten inches, any Ordinance or regulation to the contrary notwithstanding.

APPENDIX LXXV.

Philadelphia, June 9, 1853.

JOHN YARROW, Esq.

Chairman Committee on Public Highways.

Dear Sir,

I am requested by the Committee on Public Highways to give my opinion upon the authority of Councils to provide for the granting of permission to dig vaults under the foot pavements by the Board of City Commissioners.

By an act of the Legislature of Pennsylvania, passed April 15th, 1782, four of the justices of the peace of the City, and four of the street commissioners (who were officers provided for by these existing laws,) were authorized to appoint regu-

lators for the City. By the 15 section of the act, four of the justices and a majority of the regulators so appointed, were authorized to permit the digging of vaults under the streets of the City.

The act to incorporate the City, passed 11 March, 1789, and the supplement thereto of 2d April, 1790, abolished the offices of justices of the peace and street commissioners, and authorized the legislature of the corporation to provide for the doing of all such things as those officers had been authorized to perform. Consequently the power to provide for the construction of vaults under the streets passed to the Councils of the City of Philadelphia, and Councils can confer this power upon any agent they may appoint.

Yours very respectfully,

EDW. OLMSTED, *City Solicitor.*

APPENDIX No. LXXVI.

To the Select and Common Councils :

The Committee on Legacies and Trusts in compliance with the Ordinance in relation thereto, made their annual visit on the 7th and 8th inst., to the Fire Engine and Hose Companies of the City, for the purpose of inspecting their apparatus and inquiring into their condition and efficiency for public service, and report—

That in addition to the usual advertisement published in those newspapers employed by the City, giving notice of the contemplated visit by the Committee, they sent to each company a printed circular, viz. :

Philadelphia, June 1st., 1853.

SIR :—

You are respectfully informed that the Committee on Legacies and Trusts of City Councils, will make their annual visit to your Company, on the 9th inst., between 2 and 5 P. M., to examine your apparatus.

The Ordinances in relation thereto, requires answers to the following questions, to wit :

1. State and condition of Hose and Apparatus.
2. Number of Fires at which they have been in service since last Report, and where located.
3. Names of all the members, designating the active, honorary and contributory.

EDMUND WILCOX,

To President of the ——— Company.

Secretary.

Although the Committee call the attention of the Companies more particularly to those points embraced in the Circular, yet at the time of their visit, such additional enquiry is made as suggests itself to the mind of each member of the Committee, or as may during the preceding year have become matters of importance.

In connexion with this subject, therefore, they think it proper to mention a matter which they deem of much importance, not only to the safety of the members composing the companies, &c., but also, very materially to the preservation of the property liable to injury.

It is this, the Committee have observed that some of the Companies, perhaps about five, have caused the hubs of their carriages to be extended in width far beyond the usual limits, and covered with very thick brass, so that should there be a collision with other carriages, the result would be often injurious, and it may be at times actually ruinous.

To those companies placed in the category above alluded to, the Committee have given notice that the usual appropriation would be withheld until the cause of the complaint is removed.

In regard to the condition, generally, of the Companies, Houses, their Engines and Hose Carriages, the cleanliness and suitable arrangement of the hose and apparatus, the Committee have great pleasure in expressing their satisfaction and commendation. A statement is annexed, and also a resolution which the Committee recommend should be passed.

All of which is respectfully submitted.

REPORT

To the Committee on Police.

GENTLEMEN:

Your chairman herewith presents a statement of Mr. Davis, of the duties he performs and attempts to complete as Clerk of Police. It is an interesting document, and its hoped it will enable the Committee to appreciate and lighten the labors of an overworked and faithful officer.

I understand that the Mayor of the City has seen the document and sanctions its veracity.

Respectfully submitted.

CHAS. A. POULSON,
Chairman Committee on Police.

Mayor's Office, April 26th, 1853.

CHAS. A. POULSON Esq., *Chairman*, and others, Committee on Police.

GENTLEMEN—

The undersigned, Clerk of Police, would respectfully call the attention of the Committee, to the great increase of the business of this office, within the last four years. The undersigned, was appointed to the station he now holds, in the month of September, 1849; and from that time, the business of the office, has been constantly on the increase. In the year 1848, the number of cases heard by the Mayor, was 2673; in 1849, 3176, (almost the whole of the increase of this year, was after the appointment of the undersigned in September, 1849,); in 1850, 6418; in 1851, 6862; in 1852, 7521; and in the months of January, February, and March, 1853, the number was 2214. The undersigned would respectfully represent, that his duties in the office in consequence thereof, have been greatly increased, the entries on the Mayor's Docket having been nearly all made at night.

The duties of the "Clerk of Police" as defined by Ordinance and usage, are, to make a record on the daily blotter of all cases heard by the Mayor, to transcribe said entries in full, on the Mayor's Docket and Index the same, to make out all commitments to Prison and House of Refuge, to fill up all Bonds to answer at Court and for the Breaches of the Peace,

to take bail in all cases when directed by the Mayor, to make out returns to District Attorney and keep a registry thereof, to make out all transcripts from the Mayor's Docket, to keep account of all monies received in the office for use of the City Seal, Ship Manifests, Penalties and Costs, and to pay the same over to the City Treasurer, Guardians of the Poor, Mayor, Recorder, and such other persons as may be entitled to the same in their proper proportions, to make out the pay rolls of the High Constables and Day Policeman, Lamplighters, Officers attached to the Mayor's office, and Clerks and Deputies of the markets, to enter the same, together with the pay rolls of the night and Consolidated Police in the police receipt books, superintend the payment of the same, (amounting to upwards of \$150,000 per annum) to have charge of the City Seal, Fire Proof, and all stolen, or other goods brought to the office, and property of prisoners found on their persons, to take receipts for all monies and goods delivered from the office, to furnish the District Attorney with such articles as may be required in the trial of offenders, to answer all enquiries that may be made in all cases which are brought before the Mayor, (answering of these enquiries takes up a large portion of the time of the undersigned) together with many other duties of minor importance.

For nearly three years past almost the whole time of the undersigned has been occupied in the office, from early in the morning, until nine or ten o'clock at night and frequently much later.

For more than two years previous to my appointment, there were no entries made on the Mayor's Docket, and the daily blotters of the same, still remain not copied.

The undersigned believes that it would require an additional clerk, from eight to ten hours a day to attend to the business of the office as it should be, as it would take all his leisure time, for a long while, to copy the above mentioned blotters.

The numerous calls made upon the clerk of police for information, in relation to defendants and others, and the payment of costs, &c., to persons entitled to the same, takes up so much of the day that he has but little time to attend to the various other duties of the office. The undersigned, therefore, respectfully asks that some means may be devised, to relieve him from a portion of his arduous duties.

Very respectfully,

GEO. W. DAVIS,
Clerk of Police.

An Ordinance

To provide for the appointment of an assistant clerk of police.

SECTION 1. *Be it ordained and enacted by the Citizens of Philadelphia, in Select and Common Councils assembled,* That the Committee on Police shall at their first stated meeting, after the passage hereof, and annually thereafter at the time of the appointments of the clerk of police, appoint a person to be an assistant clerk of police.

SECT. 2. *And be it further ordained and enacted by the authority aforesaid,* That the assistant clerk of police shall perform such duties in aid of the clerk of police as the said Committee on Police shall from time to time indicate; he shall receive an annual compensation for his services of six hundred dollars, payable monthly, in the manner that the compensation to the clerk of police is now paid.

APPENDIX No. LXXXII.

To the Select and Common Councils:—

The Committee on Police to whom was referred the letter of the Mayor of the City, suggesting for the consideration of Councils the subject of an appropriation to cover the amounts paid by the night and day policemen, viz:—\$1579.50 for revolving pistols which have been provided for their use.—

Respectfully report:—

That as a decision on the suggestion in the premises, involves the question as to whether such providing be proper and legal, your committee therefore deem it advisable to avoid any expression of opinion upon the subject, believing, that, a matter so important should be considered and decided by Councils as a body; and they therefore further beg leave to offer the resolution annexed.—

The Joint Special Committee of Visitation to the Girard College for May and June, Respectfully report, That in the discharge of the duty assigned to them they visited the College officially several times during the months named, and that on the last occasion, say the 21st of June, they entered into a careful examination of all matters connected with the administration of the Institution. Without entering into details, which might be tedious, your Committee desire to express the gratification they have, in bearing testimony to Councils, of the admirable manner in which they believe the Institution is now conducted, every thing calculated to promote the great purpose for which the College was created, appears to be assiduously studied, and faithfully executed by those who have the supervision of its affairs.

The general management of the Institution is, your Committee believe, well calculated to promote its prosperity, and they would fail in what they conceive to be a proper duty did they omit to commend, in the highest terms, the zeal and fidelity manifested by the Board of Directors, President, and other officers, in the discharge of the important trusts committed to their care.

APPENDIX No. XCVII.

To the Select and Common Councils :

The Committee on Finance report that they have had recommitted to them by Common Council, a bill reported by them, entitled "An Ordinance to fix the compensation to be allowed to the collectors of Vaccine cases."

The Committee are not informed by the resolution recommending the bill, upon what particulars Councils desire information, and they therefore confine themselves to a history of the legislation of Councils on the subject of the compensation of the collectors of Vaccine cases.

By an ordinance of January 1830, Councils provided for gratuitous Vaccinations. Collectors of cases were appointed, whose compensation was fixed at the sum of twenty-five cents for each successful Vaccination. In 1837 Councils provided that in addition to the original compensation, each collector should receive the annual sum of fifty dollars; provided the whole compensation should not exceed the sum of one hundred and fifty dollars per annum.

It is proposed by the ordinance now submitted, to increase the sum provided by the ordinance of 1837 to seventy-five dollars per annum, and to provide that that amount and the sum to be allowed for the successful cases vaccinated shall not exceed \$200 per annum.

APPENDIX No. C.

To the Select and Common Councils:—

The Committee on Public Highways having been directed by a resolution of Councils, to pave Third street, from High to Chestnut street, with cubical blocks, find upon examination, that the City Railroad, running through said square, and extending to Dock street, requires to be entirely relaid or removed before said paving can be done.

Your Committee have carefully considered the question of the propriety of taking up so much of the City Railroad as lies east of Delaware Eighth street, and are of the opinion that the removal of the same would be a serious injury to the trade of the City ; the importance of a connection of the railroads entering our City with the Delaware front, should not be underrated, and every possible facility should be offered for the cheap conveyance of produce from the west to tide-water.

The cost of conveying 1000 barrels of Flour from High and Broad street to the foot of Dock street by railroad, is less than \$5, to convey the same by drays would be one hun-

dred and twenty-five loads, costing over \$40; 24,000 barrels were delivered by the road to one house during the last year.

The testimony of those engaged in the forwarding business, who use this portion of the road, is that the amount of business on it is rapidly increasing, one house that in 1852 carried tonnage over the Third street Railroad amounting to 19,000 tons, state that the amount carried up to the present time warrants them in estimating the amount for this year at over 33,000 tons.

The very imperfect construction of the Third street portion of the road has long been a source of great complaint, and has led to asking for the removal of the same, your Committee are of the opinion that the road can be relaid in a manner to obviate all reasonable complaints.

Your Committee impressed with the necessity of placing said road in good order, reported a bill to Councils on the 7th of July, making an appropriation for the purpose of relaying said road, from High to Dock street, which has failed to become a law.

The condition of the road is such that some action should be forthwith had, if it is to be relaid no time should be lost in procuring the materials necessary, so as to allow of the work being done during the proper season.

In connection with this subject your Committee would recommend to Councils the passage of the annexed resolutions relative to turnouts from that portion of the Railroad lying between Delaware Eighth and Second and Dock street, and the removal of the turn-table now in use in Third street below High street.

Philadelphia, Sept. 29, 1853.

Office of the Philadelphia, Easton and Water Gap Rail Road Company.

Philadelphia, Sept. 27, 1853.

Benjamin Orne, Esq., Chairman of the Committee on Finance of City Councils.

Sir,

In a communication from this company to the Councils of the City of Philadelphia, dated May 9th, 1853, notice was given of the fulfilment, on the part of this company, of the terms of that branch of the ordinance of Councils, passed March 10th, 1853, making a subscription to the stock of this company, which required an amount named to be first subscribed elsewhere.

In reference to the other condition, in the same ordinance, touching "The connections of the said road with the City of Philadelphia," I now, in behalf of the company, address your committee, and also give notice to the Councils of the City of Philadelphia, first, that sections of the road southward of Sandy Run, on the Wissahickon, are in progress of construction, and that the company have purchased, for a depot site, all that square of ground bounded by Willow street on the south, by Front street on the west, by Noble street on the north, and by Washington Avenue on the east. Second, that at Front and Willow streets, their road will intersect the Willow street Railroad, and thence, by way of Broad street, connect with the railroads of the City of Philadelphia, passing across the city north and south in Broad street, and along Market street east and west. Third, that from their depot, occupying the space between Front street and Washington Avenue, they can, at a fitting time, as authorized and contemplated by their charter, extend a branch road by the most eligible route southward into the city, to terminate in the midst of the commercial quarter, or be carried farther on to form a connection with the road south of the city bounds. The location of the Philadelphia, Easton and Water Gap Rail Road, and the "connections of the said road with the City of Philadelphia," it is submitted, will enable the company to furnish to the commerce and population of the city, the amplest facilities and accommodation for cheap, safe and convenient railroad conveyance and transportation.

Respectfully and truly yours,

THOMAS S. FERNON,
President P., E. and W. G. R. R. Co,

APPENDIX No. CXIV.

To the Select and Common Council:

The Joint Special Committee appointed to inquire and report upon the subject of the removal of the Market Houses in Market street—and the location, erection, &c., of other Market Houses, should they deem such course necessary—not being able to report in consequence of the non-attendance of a quorum at the last several meetings of the committee, and this being the last stated meeting of the present Councils, the undersigned deem it their duty, and desire to present their views upon the subject.

The subject referred to the committee may be properly divided into two branches—

1st. Will the removal of the Market Houses in question in any way advance the prosperity or promote the convenience of our citizens, and can their places be supplied by local Market Houses equally or more convenient to our people?

2d. Will the advantage resulting from the erection of new Market Houses justify the Corporation in incurring the outlay which their construction will require?

As to the first proposition—

The main purpose of the Corporation in erecting and maintaining market houses is unquestionably the accommodation of our citizens; and this object was undoubtedly the motive which led originally to the occupancy of Market street for that purpose, but the undersigned believe, after carefully reflecting upon the subject, that the object would at the present time be better attained by having four local or sectional houses, situated as near the four centres of population as practicable, than by the continuance of the existing arrangements in Market street.

However appropriate the present site of the houses may have been when they were originally constructed, or even when they were rebuilt, the great change which has taken place in our city within the past few years, the extensive appropriation of what were formerly occupied as dwellings, in the eastern portions of our city, to business purposes, and the consequent improvement of our more western limits, which are now being rapidly filled up, and which will in a few years be entirely occupied, justifies the belief that, under anticipated or even existing circumstances, better and more convenient locations for the purpose may be obtained than those now in use.

Those of our citizens who reside in the North western and South western sections of the city, are under the existing arrangements, deprived, to a very great extent, of the advantages of a general market—the distance which they have to go, and the loss of time which that distance occasions, forces them to obtain their supplies, at an additional cost, at the provision stores located in their immediate neighbourhood, and thereby excludes them from the benefits which the markets are intended to afford, and these disadvantages will be experienced by a larger number as that part of the city referred to becomes more thickly populated.

The original intention of extending the Market houses from Schuylkill Eighth street to Schuylkill Front street, it is evident must be, if it has not already been abandoned, and the residents of the Western portion of the city have certainly an equitable right to demand that proper facilities should be extended to them in a matter so important to their interests. They contribute willingly to the burthen of taxation, which is imposed for corporate purposes, and they have justly a right to claim a fair distribution of the conveniences extended by the Corporation. The argument is advanced by some who are opposed to the contemplated improvement, that the object is to benefit the particular interest of those who are doing business in Market street and its immediate vicinity.

Your committee can see no reason to justify such declaration—but even if it were so, the position is tenable that that interest is entitled at all times to a favorable consideration, and that if the contemplated change can be effected without prejudice to the interests of the residue of our citizens, the Corporation would be justified by every principle of public policy in effecting the removal. The particular interests referred to is an important element in the prosperity of our city, one which should be cherished by the Corporation, and in every reasonable manner advanced and promoted.

It is an erroneous impression which many of our citizens entertain, that the founder of our city intended the appropriation of Market street to the purpose of Market houses, the evidence being that he rather contemplated their erection at Centre Square, under the belief that that point would become the centre of population.

Philadelphia has always been justly celebrated for the character of her markets, but this creditable distinction has been gained, not from their location, although there is some peculiarity in that, but rather from the great variety and superiority of the different commodities exposed for sale, and the

good order and marked cleanliness which has always been observed. The same distinction will unquestionably be maintained, should the contemplated change be effected.

Our city is, we believe, the only one in the world—certainly in this country, where the market accommodations are in a continuous line of houses. There is another view of this subject which is entitled to consideration, and which must have its proper influence on the decision of the question. We allude to the great inconvenience which is already experienced by the accumulation of drays, wagons, carriages, &c., in our principal streets running east and west—an evil which will be much increased when the Central Railroad, and other similar improvements, which have been projected, are completed and in full operation. The vast amount of produce and merchandize which will have to be conveyed to and from the depots of these several railroads, all of which will be located on or near to Broad street, must be accommodated.

The appropriation of Market street to this purpose, which would be the result of removing the Market Houses, would, to a very great extent, relieve our other avenues, and thereby add to the comfort and convenience of our citizens. To any one who will view this subject in all its aspects, and who is not unmindful of the progressive spirit of the age, and who is willing to recognise the future greatness of our city, as indicated by our rapidly increasing prosperity, it must be evident that the contemplated change, if it be not effected at the present time, cannot be much longer delayed. The evil which calls for action now is a growing one. Under this view it is certainly the policy of the Corporation to act with promptness. If delayed even for a few years, the difficulty of obtaining proper locations will be much increased, and the expense of carrying out the enterprize be materially augmented by the increased cost of the necessary ground. Upon the score of economy, the project invites an early consideration.

The undersigned have taken some pains to obtain reliable information in regard to the principal Market Houses in New York and Boston. The principal Market House in Boston is called the Quincy. It covers 27,012 square feet of ground, and was erected in the years 1824-'5 and '6, at a cost of \$180,000. The revenue for 1852 was \$40,398 42; do. for '53, partly estimated, \$42,255 59; and the Auditor's estimate for 1854 is over \$53,000. The expenses of superintending, watching, gas, police, &c., for 1852, was \$4,387, showing a profit to the corporation for that year, after deduct-

ing all expenses and interest on the cost, of \$25,261 42, equal to six per centum on \$421,000; which, according to the estimate of the City Auditor, will be considerably increased in the years 1853 and 1854.

In regard to the New York markets, we have information showing that the income derived from the two principal ones, (the Washington and Fulton) to be \$63,000 exclusive of the cellars, which rent for over \$10,000 each, per annum. We could obtain no data as to their cost; but this is not material, as from their miserable character, being little more than mere sheds, they offer, on this point, no criterion for Philadelphia improvements. Yet, poor as they are, they yield to the corporation the large revenue named. They cover about 73,000 square feet. The annual income from the Boston market is about \$1,55 per square foot of ground occupied. Those of the New York markets referred to, 83 cents per foot, while our own, taking those between Front and Third streets as an example, only yield about 53 cents per foot.

In regard to the second division of the subject, the undersigned beg leave to present the following statement and estimates in support of the conclusion at which they have arrived.

There are contained in the Market Houses at present situated in Market street, between Delaware Front and Delaware Eighth streets, and Schuylkill Eighth and Sixth streets, 746 stalls, occupied as follows:

Butchers,	245
Pennsylvania Farmers,	322
Jersey Farmers,	99
Dealers in Fruit,	49
Oyster Stands,	31
						<hr/>
Total,	746

The annual charge to Butchers is from \$35 to \$150, there being only ten stalls at the latter amount.

The annual charge to Farmers is \$20.

The annual charge to Fruit Dealers is from \$30 to \$40.

The annual charge to Oyster Stands is from \$30 to \$50.

The Market Houses between Delaware Second and Eighth streets were erected in 1835, at a cost of \$53,135 22. The one between Front and Second in 1822, at a cost of about \$9850. The one between Schuylkill Eighth and Seventh in 1834-5, at a cost of about \$9600. And the one between Schuylkill Sixth and Seventh in 1836, at a cost of about \$8500.

The revenue derived from the whole of the last eleven years is as follows :

In 1842,	\$24,004 83	In 1848,	\$27,971 07
1843,	23,189 75	1849,	28,052 50
1844,	23,748 72	1850,	28,183 84
1845,	24,975 66	1851,	28,452 87
1846,	26,001 41	1852,	28,935 50
1847,	27,170 88		

Average yearly income \$26,427.

The expense of superintendence, cleansing, lighting, &c. &c., we have been unable to ascertain, but may be estimated at \$5250 per annum.

From the best information which the undersigned have been able to obtain, four Market Houses, of three hundred stalls capacity each, of the most approved plan, built in the most substantial manner, and of a general character superior to any thing of the kind in the United States, can be built, including the cost of ground, for a sum not exceeding \$625,000. Indeed, responsible parties have already intimated their willingness to contract for the same at the sum named—but the undersigned believe that an amount considerably less will be sufficient for the purpose, yet they will take this sum as the basis of their calculation.

These markets would cover about 107,000 square feet of ground, and would produce annually as follows :

At the rate which our markets between Front and Third streets yield, say 58 cents,	\$62,060
At the rate of the New York markets, 83 cents,	88,810
And at the rate realized from the Boston market, say \$1 65,	165,850

The undersigned can see no reason why new Market Houses erected in this city, with all the advantages for constructing which our own and the experience of other cities afford, cannot be made as productive as the Quincy market in Boston ; yet as they desire to present the matter to Councils in an aspect rather below than above what they believe can be realized—they will adapt 75c. per foot, (one half the Boston rate,) as the basis of their estimate.

This would yield an annual rental of	\$80,250
Deduct expenses of washing, cleansing, lighting, repairs, &c.,	7,500
Interest on cost 6 per cent. on \$625,000,	37,500
Interest on cost of old buildings to be removed, 6 per cent. on \$81,033,	4,815
Sinking fund sufficient to meet at maturity the bonds of the city at 35 years for the cost of new buildings,	6,250
Ditto to reimburse the cost of old buildings removed,	810
	———— \$56,875
Balance,	\$23,375

Showing an annual profit to the Corporation, after paying all expenses, interest on the cost as well of the old as the new buildings, and providing a sinking fund to liquidate the cost of both, of \$23,375, without reference to the premium on the Bonds, which would not be less than five per cent., and also without reference to the premium on stalls, which would at the least calculation amount to \$15,000 in the four houses.

From the statement given above of the relative rates charged in Boston, New York, and this city, for the use of market stalls, it is apparent that our Corporation does not receive a fair equivalent for the accommodations granted—and the undersigned believe that an advance upon the present rates might with propriety be effected.

There is no legal difficulty in the way of the contemplated change. The Corporation has the undoubted right, without further legislation, to vacate the old and erect new Market Houses, if not in the public streets. We refer to this for the reason that some of our citizens appear to entertain a different opinion.

There is another subject connected with our market accommodations, which the undersigned feel compelled to allude to. It is in reference to the great and increasing abuse of the privilege intended to be granted to Farmers, of standing with their wagons in Market and Second streets, on market days, for the sale of their produce. The object of this privilege was and is undoubtedly a good one, and if properly confined within the limits of the original purpose, should meet with no objection. To indicate how far this liberty is abused and the Corporation imposed upon, the following exhibit is made :

An examination made on several market days, shows the average number of vehicles which stand in High street, be-

tween Delaware Sixth and Schuylkill Eighth streets, to wit:

Wagons with produce,	229
“ “ meat,	85
Butchers' stands,	31
Truck stands,	71

— 416

Of the 314 wagons not more than one-third are farmers—the remainder are dealers residing in the suburbs, and many of the wagons remain in the vicinity of High street the whole year, the owners in very many cases having no horses for them. The thirty-one Butcher stands are on the house side of the pavement, and the occupants make the bargain with the tenant opposite whom they stand, for the use of his front.

The truck dealers, some have cellars in the vicinity, others reside in Passyunk. It is apparent from this statement that the farmers and the country people, for whose especial use the occupancy of the street was allotted, are but to a very limited extent the recipients of the advantages derivable therefrom. The undersigned are clearly of opinion that the evil adverted to should be remedied, either by abolishing the use of the street for that purpose, or by limiting its occupancy, by fine, to persons residing outside the limits of the city and the incorporated districts, who bring to market the produce of their own farms. The system of huckstering, which is so extensively carried on in our city, is a disadvantage both to the producer and the consumer. The farmer obtains less for what he brings to market than the citizen would be willing to give, and the latter are obliged to pay, in a majority of instances, more than would be a fair and reasonable equivalent to the original vender.

Under the views thus expressed, and with a desire to promote the general interest, the undersigned have no hesitation in recommending to Councils the construction of four local or sectional markets, as above indicated; and upon their completion, the removal of those which are now located in Market street.
